NAGINA SOCIAL WELFARE UK · MARKAZ DEEN-E-ISLAM · QURAN ACADEMY

Student Portal User Manual

How to use the Student Portal on the web and in the NSW Student Portal Android app: sign in, tick your daily checklist, learn with Let's Learn Islam, collect stars, stickers and badges, read messages from your madrasa, check your records, ask for leave, and make the portal your own. One portal serves both of our madrasas, in Peterborough and in Manchester.

13 October 2026 | Web portal version 1.0 | Android app version 1.0.0, coming soon

WEB PORTAL

Student web portal

For any phone, tablet, or computer browser. Sign in with the username from your madrasa office.

`https://admin.naginasocialwelfare.co.uk/login/student`

Open the student web portal

ANDROID APP · COMING SOON

NSW Student Portal

The Android app is being prepared for Google Play. It has the same pages as the web portal (chapter 2). The office will tell you when it is ready to install.

`Until then, use the web portal above.`

1. Before you begin

The Student Portal is your own space at the madrasa. It is where you tick your **daily checklist**, learn with **Let's Learn Islam**, collect **stars, stickers and badges**, read **messages** from your teachers, and look at your **records**. Your parents see the same records in the Parent Portal, and they are the ones who pay fees.

The madrasa office switches the portal on for you and gives you a **username**. Sign in with that username (or the email on your record), not with a name you make up. The password is the one you chose from the invite email, or the one you set after a reset. There is no public registration.

Our two branches

Nagina Social Welfare UK runs two madrasas. The portal knows which one you attend, so after you sign in, Home, Contact and every message show your own branch's name, address and phone number. There is nothing to choose at sign-in.

Branch	Address	Contact
Markaz Deen-e-Islam, Peterborough	103 Burmer Road, Peterborough PE1 3HT	info@naginasocialwelfare.co.uk · +44 7831 684738 phone and WhatsApp
Quran Academy, Manchester	Partington Community Centre, Manchester M31 4FL	qam@naginasocialwelfare.co.uk · +44 7872 340123 phone and WhatsApp

About these pictures. They were taken on 13 October 2026 on a test copy of the portal, signed in as Test Student (username teststudent) in TestClass at Markaz Deen-e-Islam. Test Student has finished the checklist on the three days before, so there is a 3-day streak and a few stickers, and has not started Let's Learn Islam yet. The madrasa has sent two messages. The Manchester pictures use a Quran Academy test account. Web portal pictures were taken in Chrome. App pictures were taken from the Android app. The Chrome and Safari pictures are guides to the menus you will see.

This manual online: https://www.naginasocialwelfare.co.uk/guides/student-portal-manual/

2. The Android app

ANDROID · COMING SOON

NSW Student Portal

An Android app with the same pages as the web portal is ready and is being published to Google Play by Nagina Developer for Nagina Social Welfare UK. It is not in the store yet, so there is nothing to install today. When it is live, the office will send the link, and this manual will be updated with it.

The pictures in this chapter come from the app, so you know what to expect. Everything in them also works in the web portal.

IPHONE, ANDROID, COMPUTER · TODAY

Use the web portal

Open `admin.naginasocialwelfare.co.uk/login/student` in any browser and sign in. On a phone, add it to your Home Screen (chapter 3) so it opens from an icon like an app. Sign in once with **Remember me** ticked and it stays signed in on that device.

Sign in

1. Open **NSW Student Portal** from the home screen.
2. Type your username (or email) and password. The eye icon shows or hides the password.

3. **Remember me** is ticked already. Leave it ticked on your own phone, and the app opens straight to Home next time. Untick it on a shared phone.

4. Tap **Sign in**. **Forgot password?** sends the same reset link as the web portal.

Home, Checklist, and Learn

A bar along the bottom holds **Home**, **Checklist**, **Learn**, **Messages**, and **More**. Home shows the date, your name, your branch and class, today's checklist ring, three quick jobs for today, the **Today's checklist** and **Let's Learn Islam** cards, and the **Other things** tiles. Checklist and Learn are the same pages as chapters 7 and 8.

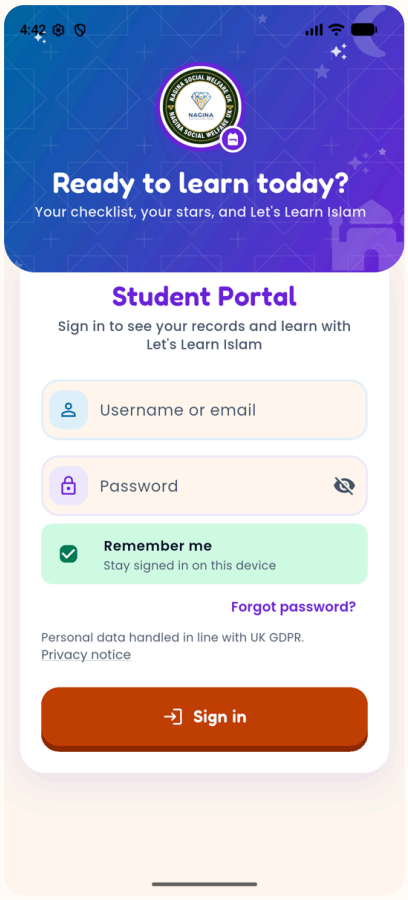

Figure 1. Sign in to the app.

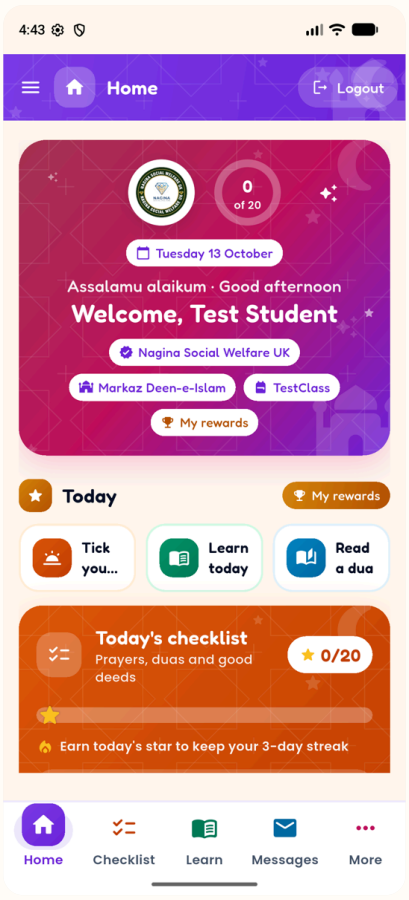

Figure 2. App Home.

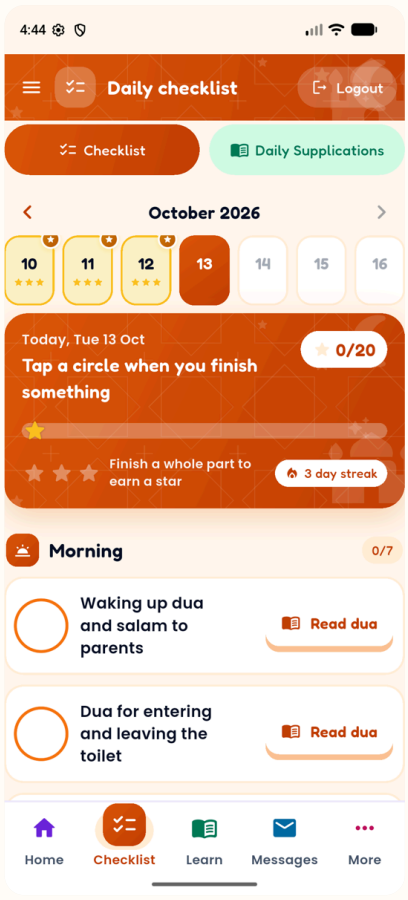

Figure 3. Daily checklist in the app.

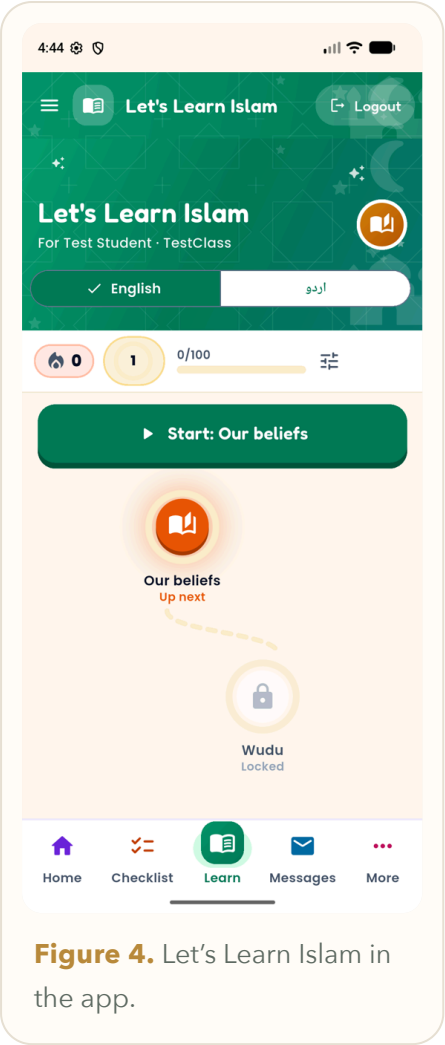

Figure 4. Let's Learn Islam in the app.

Messages, More, and My Profile

Messages lists the notes your madrasa has sent you. **More** opens a sheet with **My Records**, **Contact**, and **My Profile**. My Profile is where you choose your colour, light or dark mode, sounds and motion, and change your password. **Logout** is at the top right of every page.

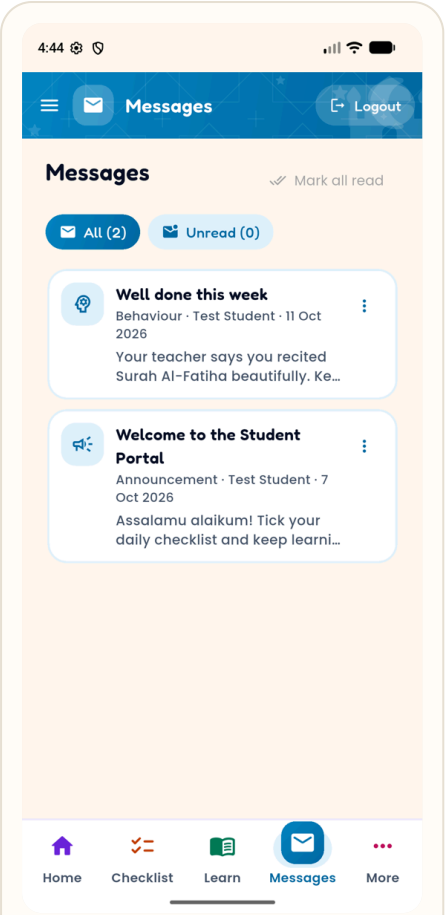

Figure 5. Messages.

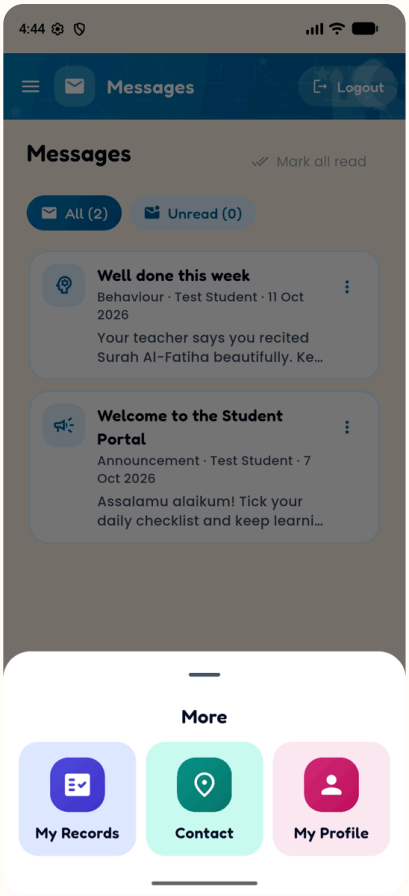

Figure 6. The More sheet.

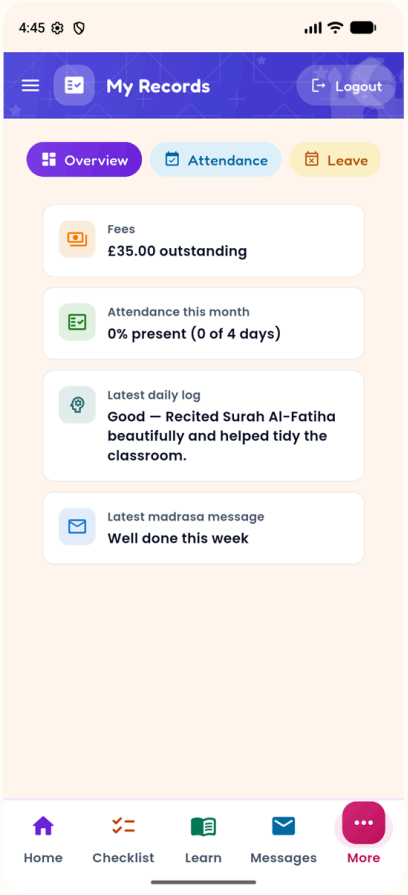

Figure 7. My Records.

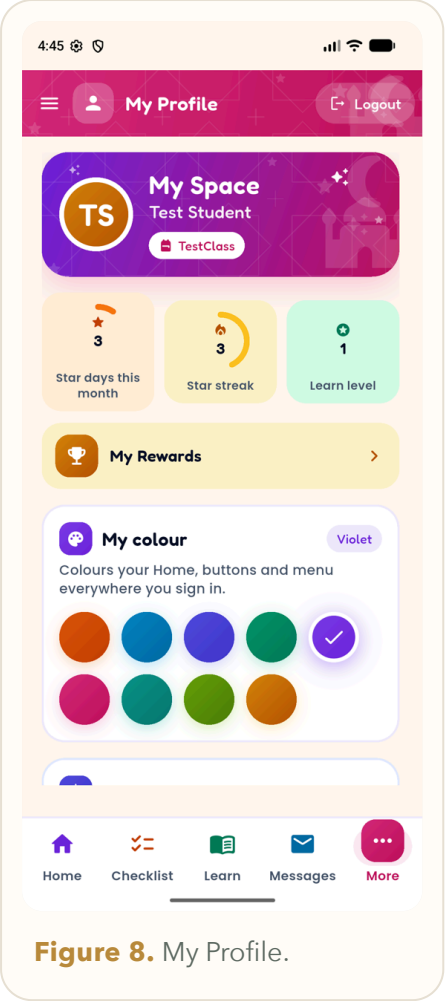

Figure 8. My Profile.

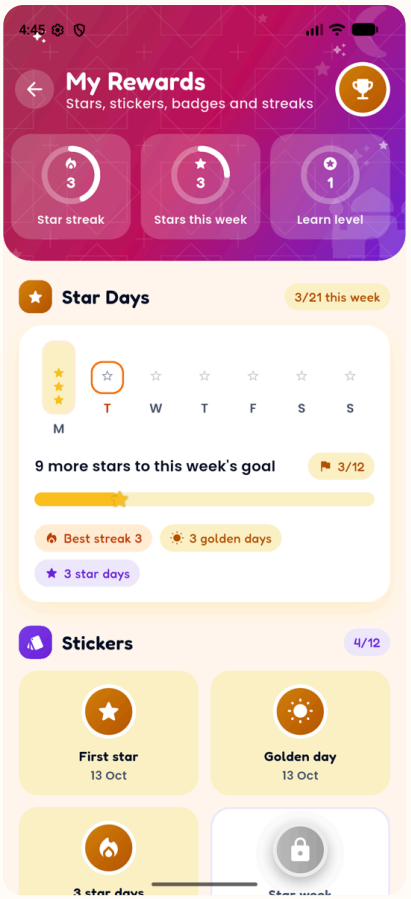

Figure 9. My Rewards.

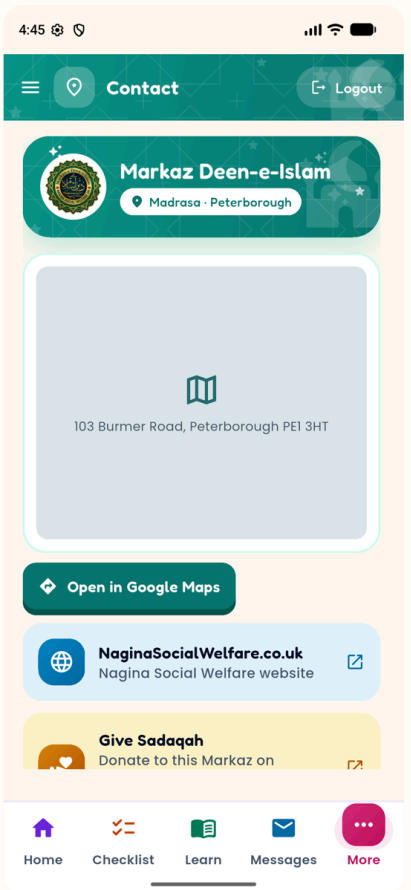

Figure 10. Contact.

3. Open the web portal like an app

On any phone or computer, the student web portal can sit on your home screen or in the Dock. It opens in its own window, without the usual browser tabs. Use the same address and the same sign-in. The icon is labelled **Markaz Admin**.

Chrome on a computer

1. Open Chrome and go to `https://admin.naginasocialwelfare.co.uk`.
2. At the right of the address bar, click the install icon (a small screen with an arrow), then **Install**.
3. If that icon is missing, click the three-dot menu, then **Cast, save, and share**, then **Install page as app**.
4. The portal opens in its own window. You can also open it later from the Dock or the Start menu.

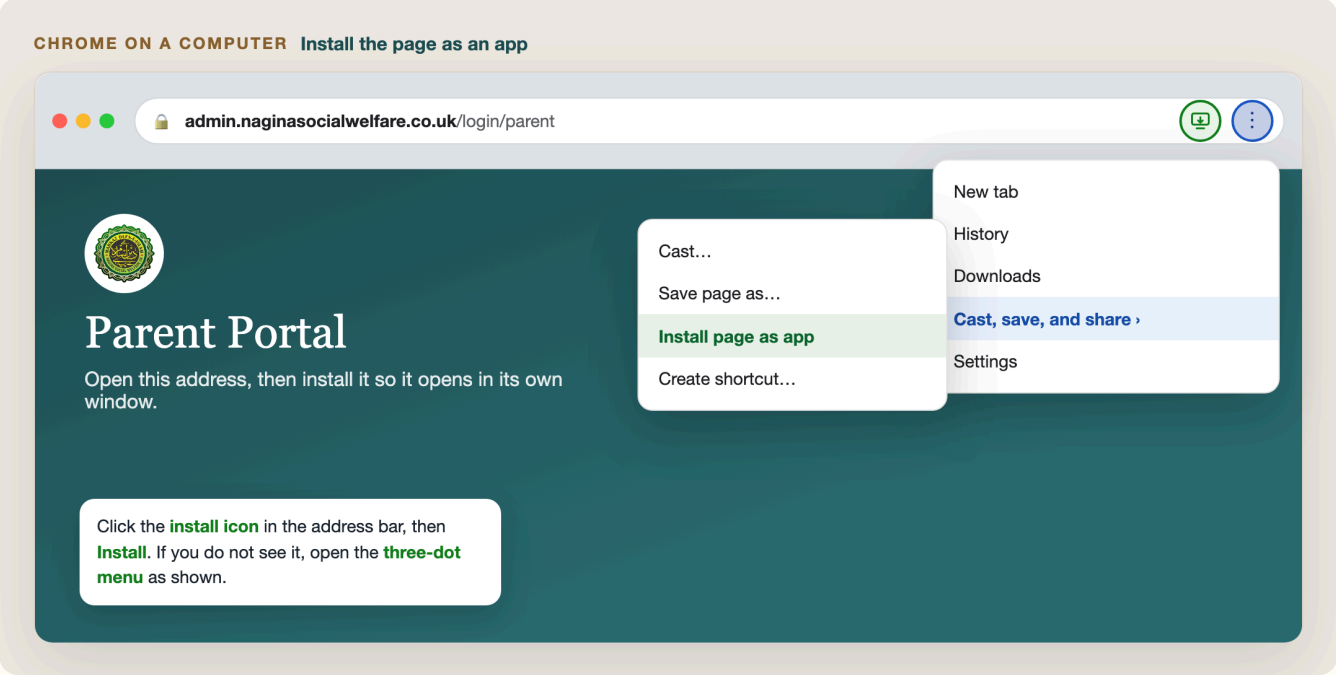

Figure 11. Chrome on a computer. Use the install icon, or the three-dot menu.

Chrome on Android

1. Open the student web portal in Chrome.
2. Tap the three-dot menu at the top right.
3. Tap **Install app**. If you only see **Add to Home screen**, tap that instead.
4. Confirm. The Markaz Admin icon appears on the home screen.

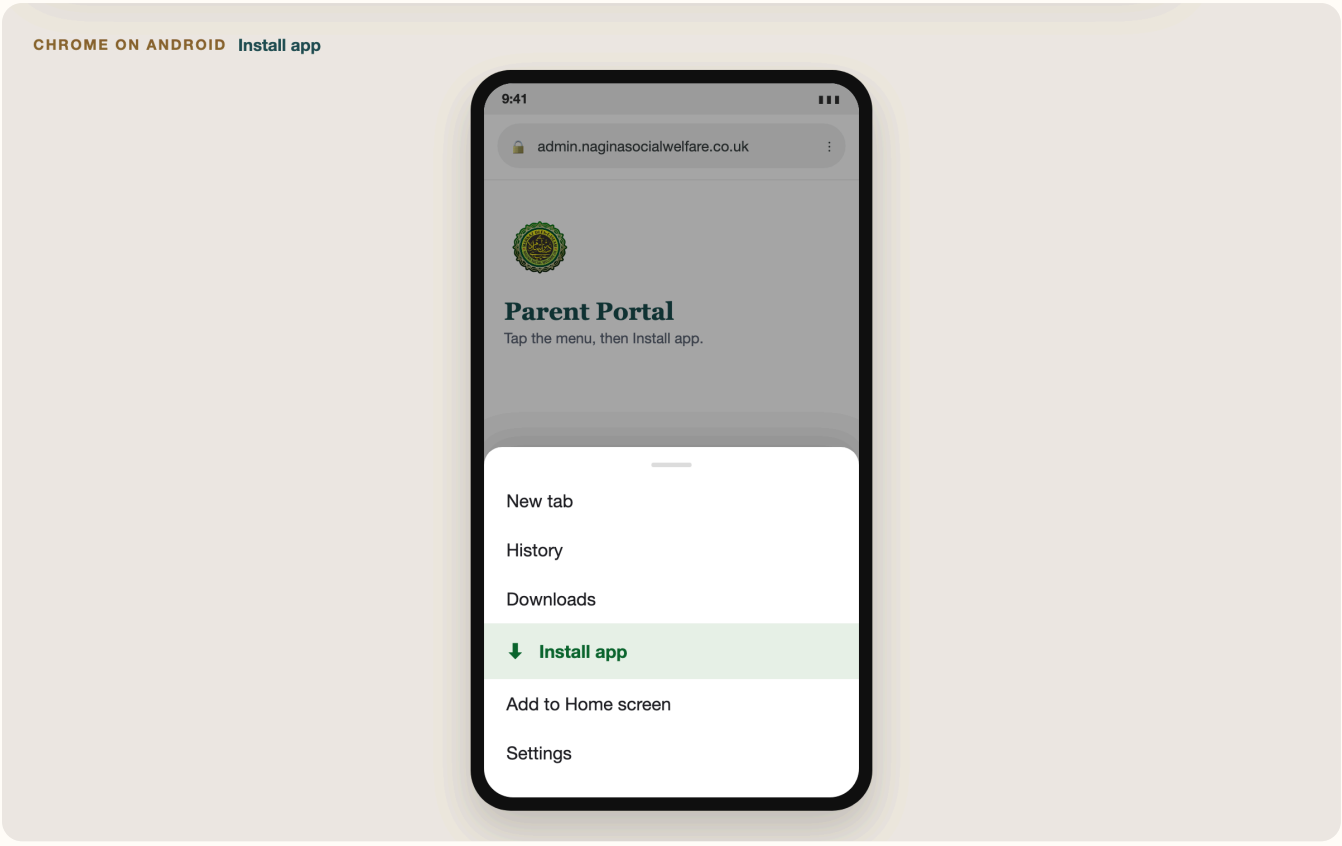

Figure 12. Chrome on Android. Install app, or Add to Home screen.

Safari on iPhone

1. Open the student web portal in **Safari**. Other browsers on iPhone do not offer Add to Home Screen in the same way.
2. Tap the **Share** button (the square with an arrow).

3. Scroll the share sheet and tap **Add to Home Screen**.
4. The name shown is Markaz Admin. Tap **Add**.
5. Open the new icon from the Home Screen and sign in.

Safari on a Mac

1. Open the student web portal in Safari.
2. In the menu bar, choose **File**, then **Add to Dock**.
3. Click **Add**.
4. Open Markaz Admin from the Dock. It uses a simple window, without Safari's full toolbar.

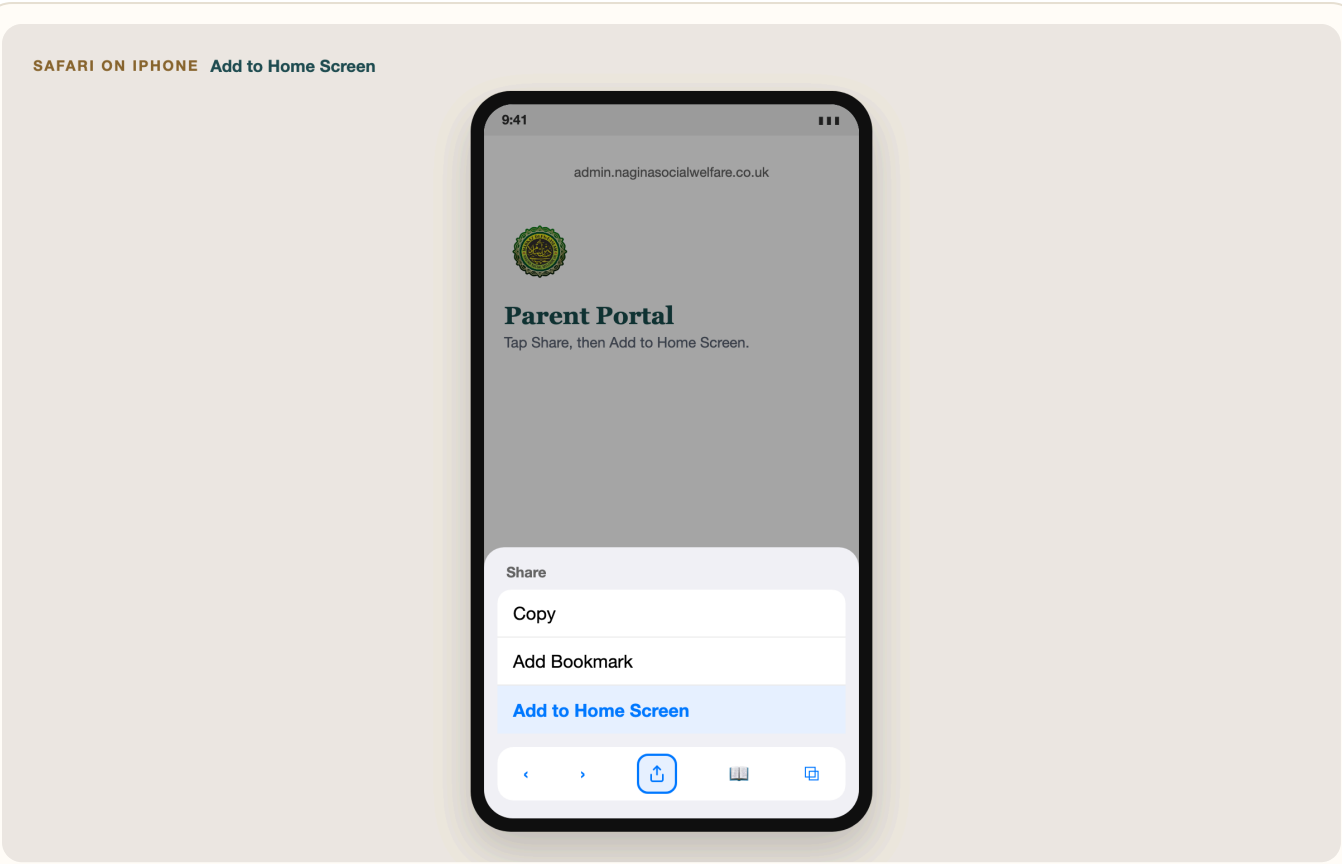

Figure 13. Safari on iPhone. Share, then Add to Home Screen.

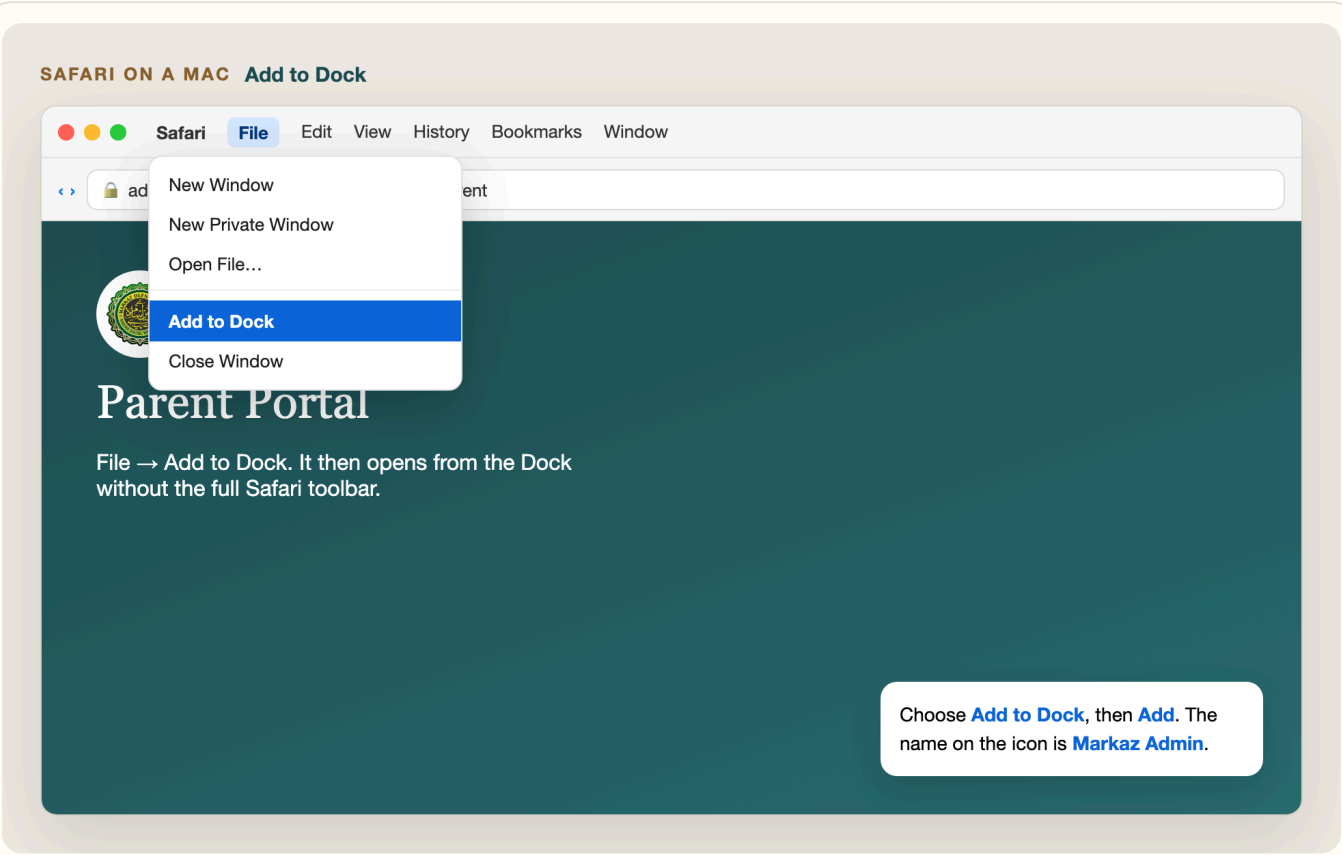

Figure 14. Safari on a Mac. File, then Add to Dock.

4. Open the web portal

The first screen asks you to choose a portal. Students use the **Student** card. The other cards are for admins, teachers, parents, collectors, Islamic quizzes, and the Halal barcode helper.

1. Open `https://admin.naginasocialwelfare.co.uk`
2. On the Student card, press **Continue**.
3. You land on the Student Portal sign-in page. You can also go straight there at `https://admin.naginasocialwelfare.co.uk/login/student`.

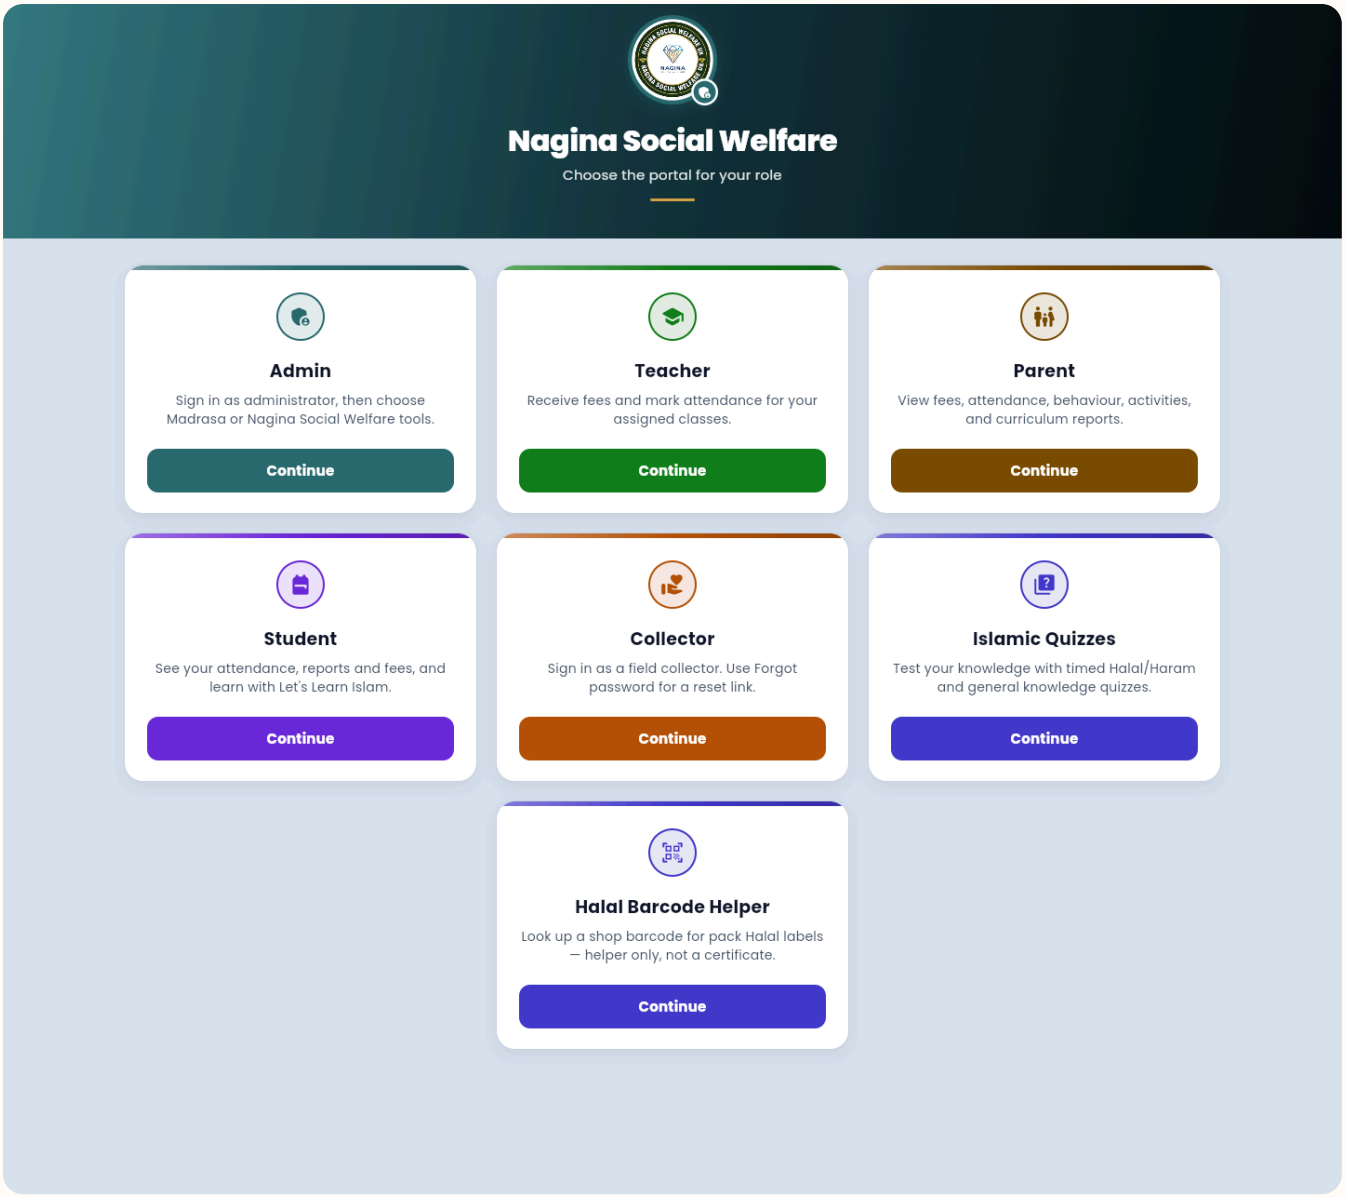

Figure 15. Choose Student, then Continue.

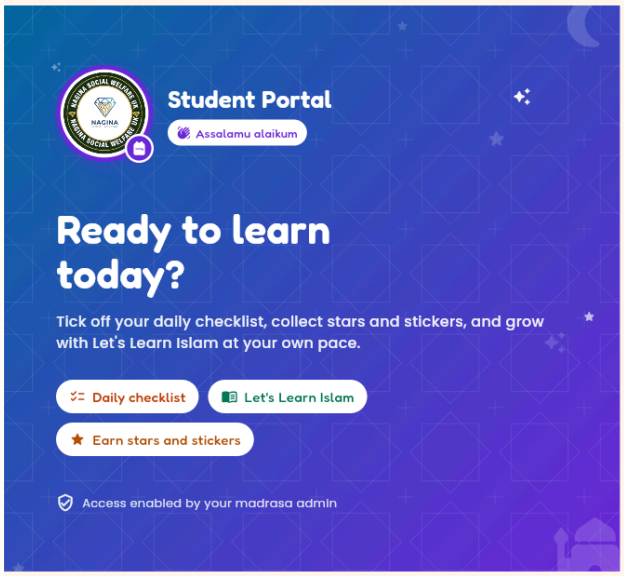

5. Sign in

The sign-in card asks for your username or email and your password. **Remember me** is ticked already and keeps you signed in on this browser. Untick it on a shared computer.

1. Type your username or email.
2. Type your password. The eye icon shows or hides it.
3. Press **Sign in**.
4. Home opens, with your name in the welcome card and your branch and class beneath it.

A wrong username or password shows “Invalid username or password.” Check the username with the office before trying again and again. If the office has switched your portal off, sign-in does not work until it is switched on again.

After you are in, the left menu is Home, Daily checklist, Let’s Learn Islam, Messages, My Records, Contact, and My Profile. **Logout** is at the top right and ends the session on this browser.

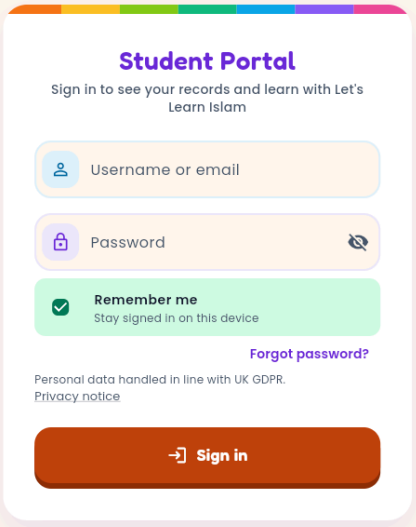

Figure 16. Student sign-in.

Forgot password

On the sign-in page, press **Forgot password?**. Enter the email or username on your record, then **Send link**. Open the email and follow the link to choose a new password. Use **Cancel** if you opened the box by mistake. If the email on your record is a parent's address, ask them to open it.

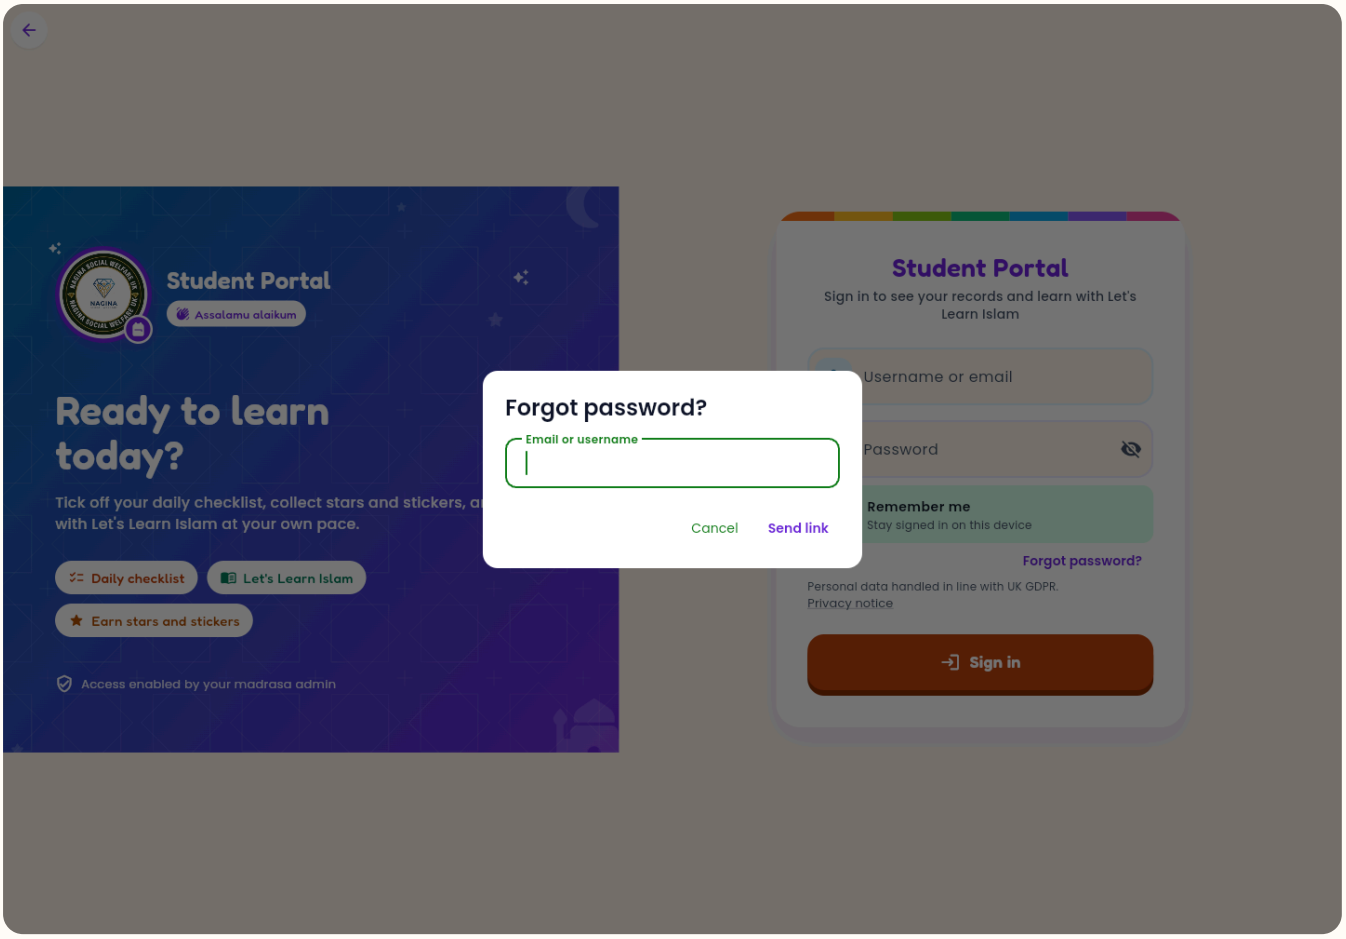

Figure 17. Request a reset link.

First-time invite

When the office switches your portal on, an email with a setup link goes to the address on your record. Open that full link. It opens a page titled “Set up your student account,” where you choose a password. After that you go to Home. The same password will work in the Android app.

If the link is incomplete, the page says **Invite link incomplete**. Use the whole link from the email, or ask the office to send a new invitation.

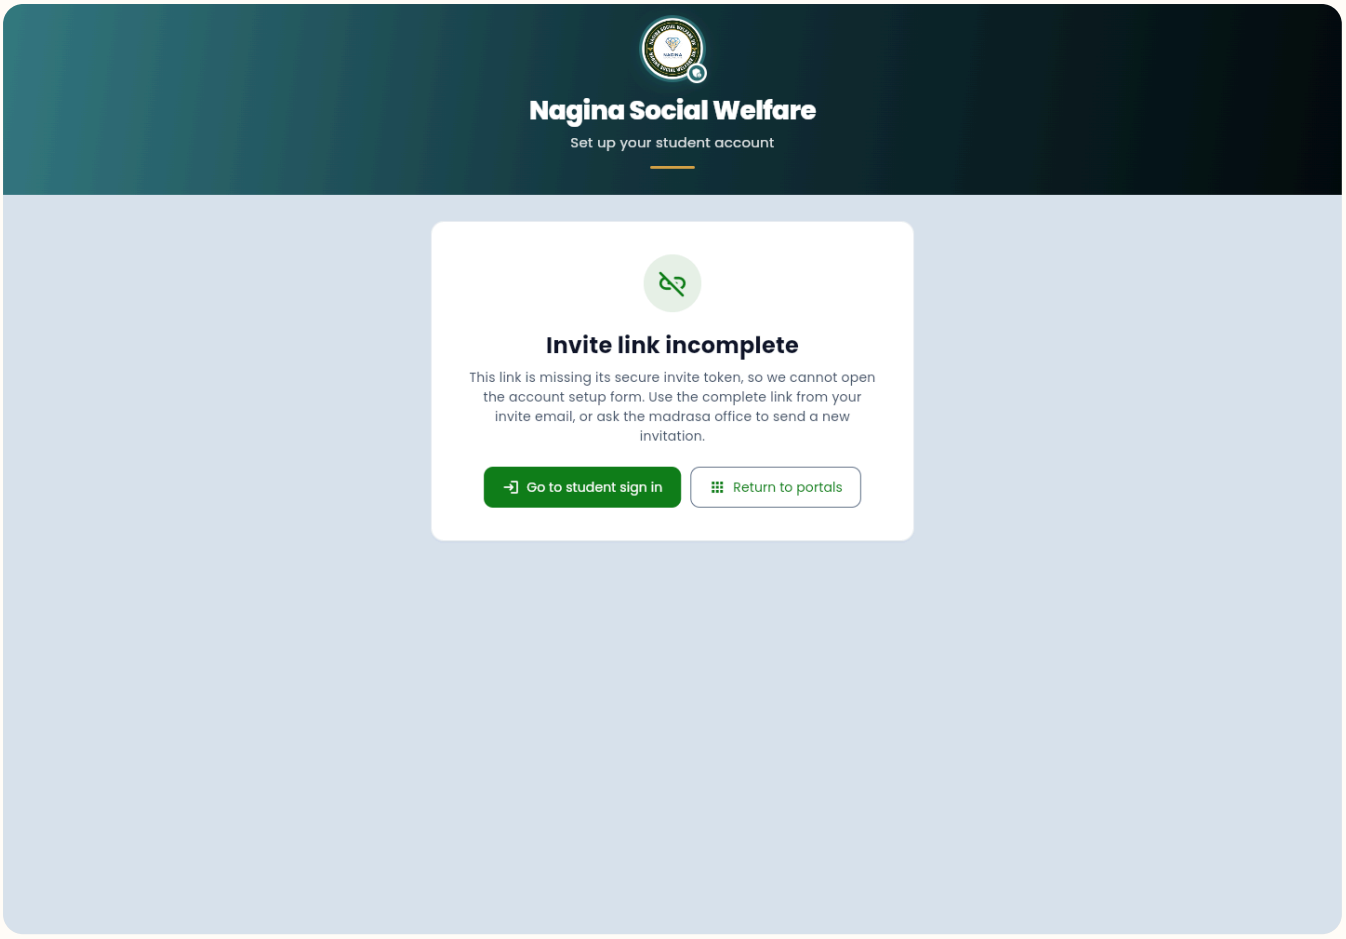

Figure 18. This is what an incomplete invite link looks like. A real invite email opens the password form instead.

6. Home

Home is “your day at a glance.” It shows what to do today and where you have got to.

- **Welcome card.** Today’s date, a greeting, your name, your branch and class, and a ring that counts how many checklist items you have done today. **My rewards** opens your stars and stickers.
- **Today.** Three quick jobs: **Tick your Morning list**, **Learn today**, and **Read a dua**. Each one opens the right page.
- **Today’s checklist card.** Your score out of 20, the next item to tick, your streak, and **Start today’s checklist**.
- **Let’s Learn Islam card.** Your learning streak, level and XP, with **Continue** to carry on from where you stopped.
- **Messages banner.** Appears when you have unread messages. Tap it to read them.
- **Alerts card.** Offers browser alerts for messages and announcements. **Enable alerts** turns them on. **Not now** hides the card.
- **Other things.** Tiles for My Rewards, My Records, Request Leave, Islamic Quiz, and Halal Barcode.
- **Your card and My madrasa.** Your attendance this month and latest message, then your branch’s address, Email, phone, WhatsApp, Give Sadaqah, and directions.

Islamic Quiz is a timed practice quiz. The Halal Barcode helper looks up a shop label. It is a helper, not a Halal certificate.

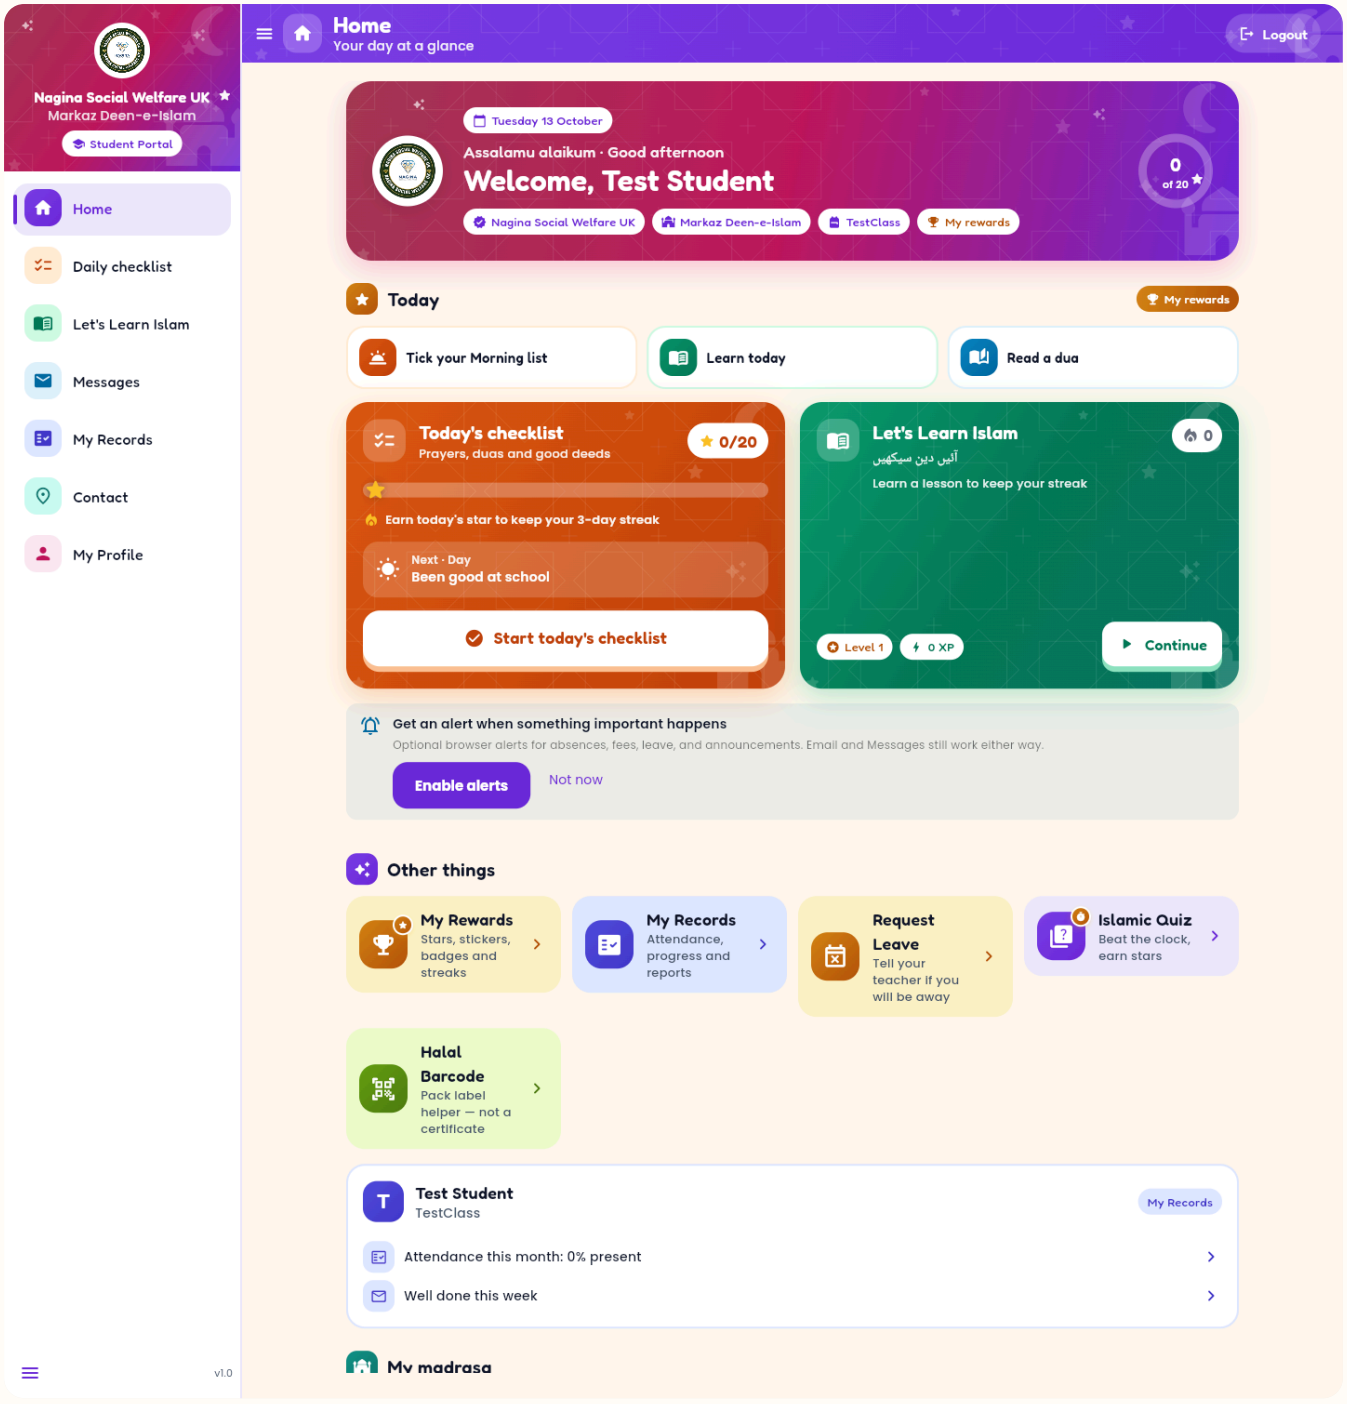

Figure 19. Home after sign-in, for a Peterborough student.

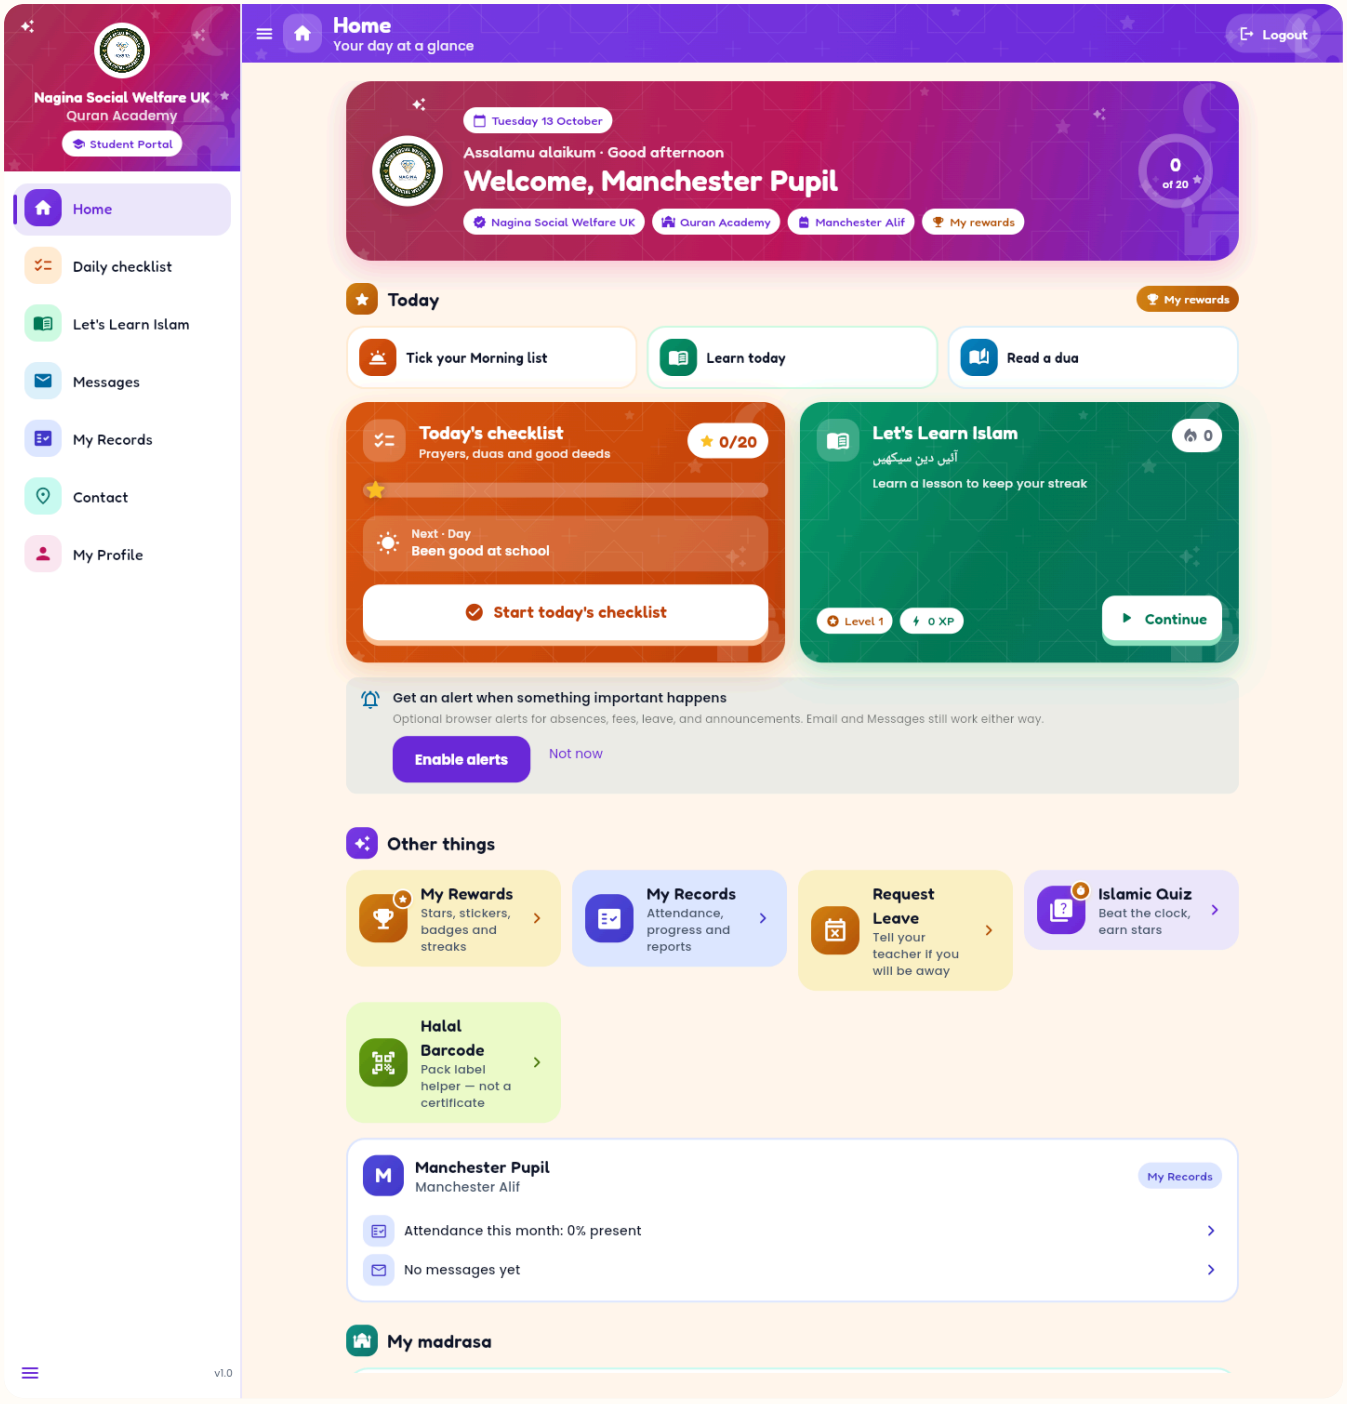

Figure 20. The same Home for a Manchester student. The welcome card and My madrasa show Quran Academy.

7. Daily checklist

The daily checklist is your list of good habits for each day, in three parts: **Morning**, **Day**, and **Evening**. It covers duas, the five prayers, being good at school and madrasa, helping at home, learning something new, and a good deed. Twenty items in all.

1. Open **Daily checklist** in the menu, or tap **Start today's checklist** on Home.
2. Pick a day in the date strip. Today is selected first. Days you finished carry a star badge, and the number under a day shows how many items you ticked.
3. Tap the circle next to an item when you have done it. Items with **Read dua** show the dua to read.
4. Finish a whole part (all of Morning, all of Day, or all of Evening) to earn a **star**. Three stars in one day is a **golden day**.
5. Keep going day after day to build a **streak**. The card at the top shows today's score, stars, and streak.
6. **Daily Supplications** at the top lists all the duas to read.

You can tick today and yesterday. Older days are for reading. Your parents see the same checklist in the Parent Portal and can tick it with you. Only a parent can set the behaviour for the day.

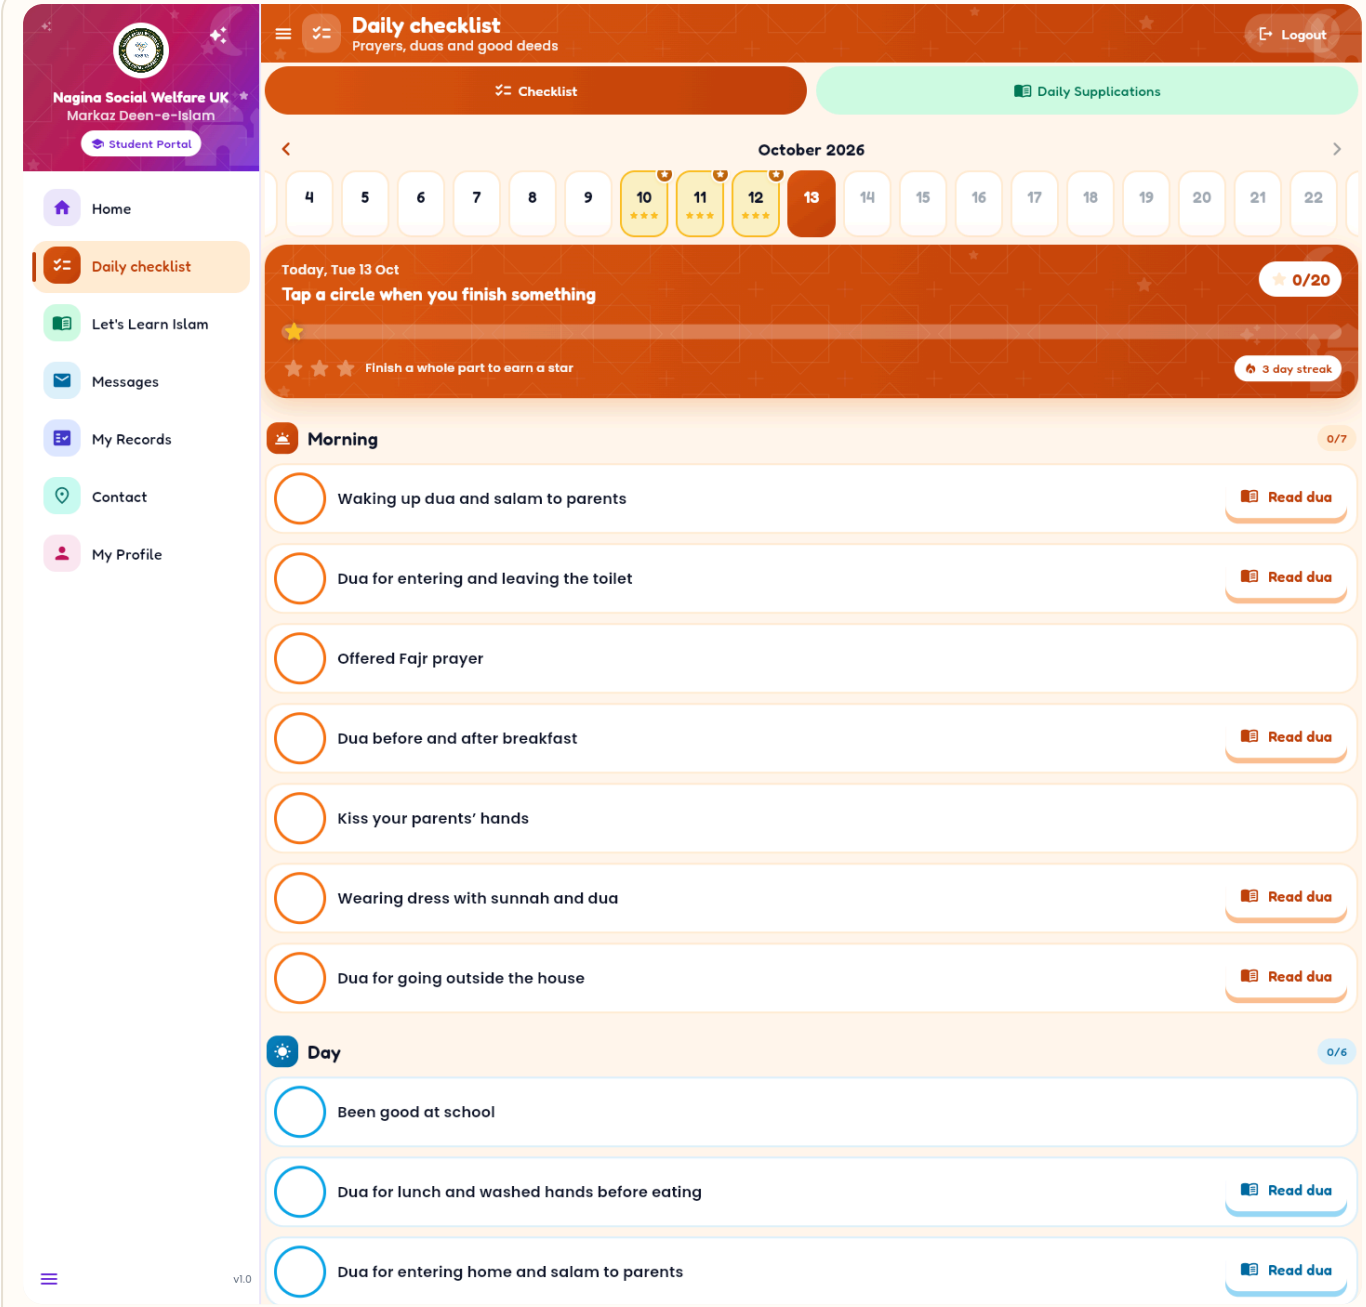

Figure 21. Daily checklist for today. The three earlier days are starred.

8. Let’s Learn Islam

Let’s Learn Islam is a set of short lessons in English and Urdu. The modules sit on a path. You start with the first one, and the next unlocks when you pass. The header shows your **streak** (days learned in a row), your **level**, and your **XP** for the week, with a weekly goal.

1. Open **Let’s Learn Islam** in the menu, or **Continue** on Home.
2. Choose **English** or **اردو** at the top. You can switch at any time.
3. Press **Start** on the first module (Our beliefs), or tap a module on the path. Locked modules open after you pass the one before.
4. Work through the lesson cards, then take the module **check**. Pass it to unlock the next module and earn your certificate.

The settings icon next to the weekly bar sets the sounds and the daily reminder. **Review** brings back cards you have learned so you do not forget them.

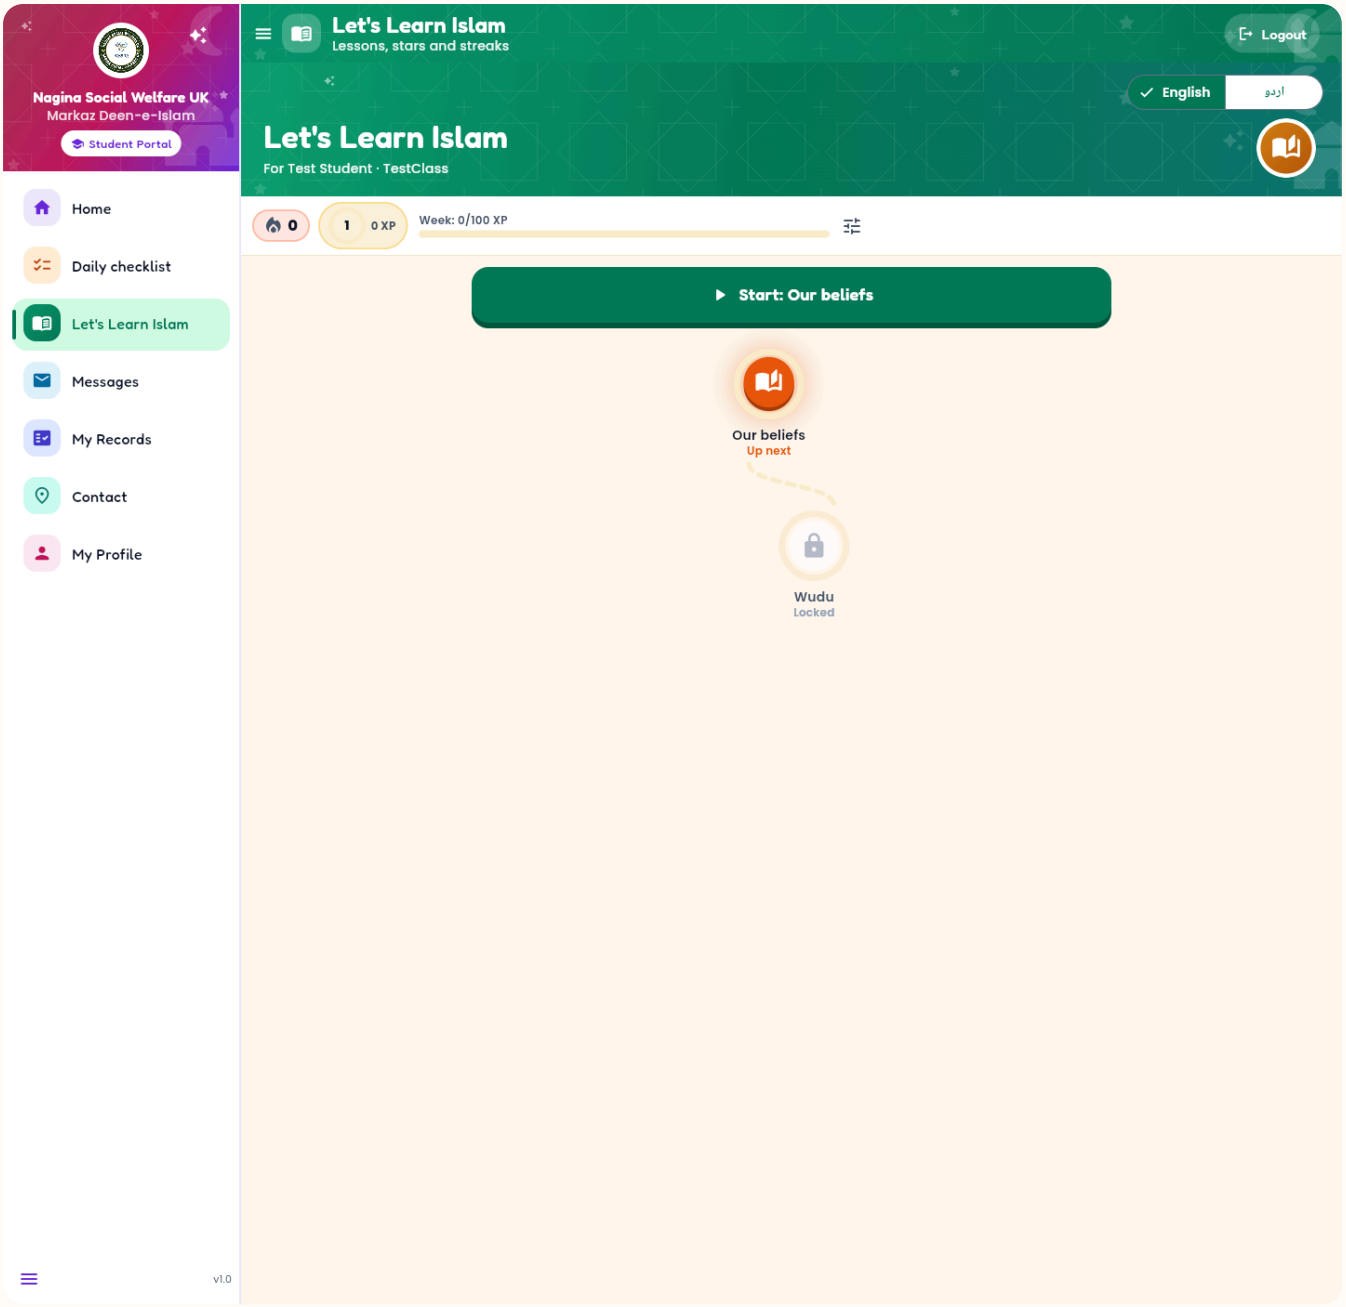

Figure 22. The learning path.

Lessons and cards

A lesson is a short run of cards. The bar at the top fills as you go. A **Q&A** card asks a question: think, then press **Show answer** and say whether you knew it. Other cards show a fact, a dua, or a picture. Press the speaker icon to hear the card read aloud, and the cross at the top left to leave the lesson. Your place is saved.

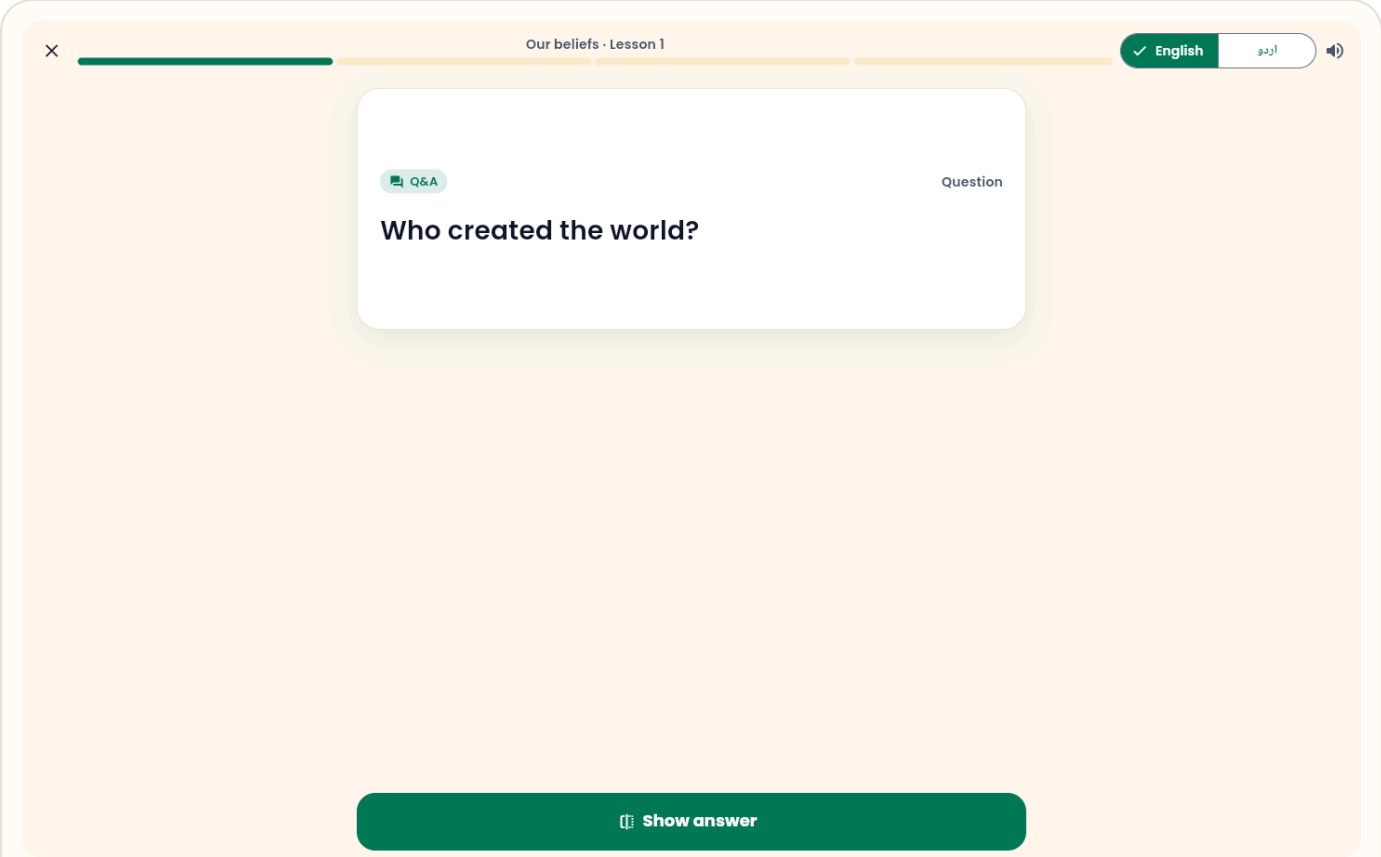

Figure 23. A lesson card.

Badges and certificates

From the path, **My progress** shows four tabs: **Badges** (thirteen learning badges such as First steps, 3-day streak, and Module master), **Class** (how your class is doing), **Stats**, and **Certificates**. A certificate appears here for every module you pass. Your parents can download it from the Parent Portal too.

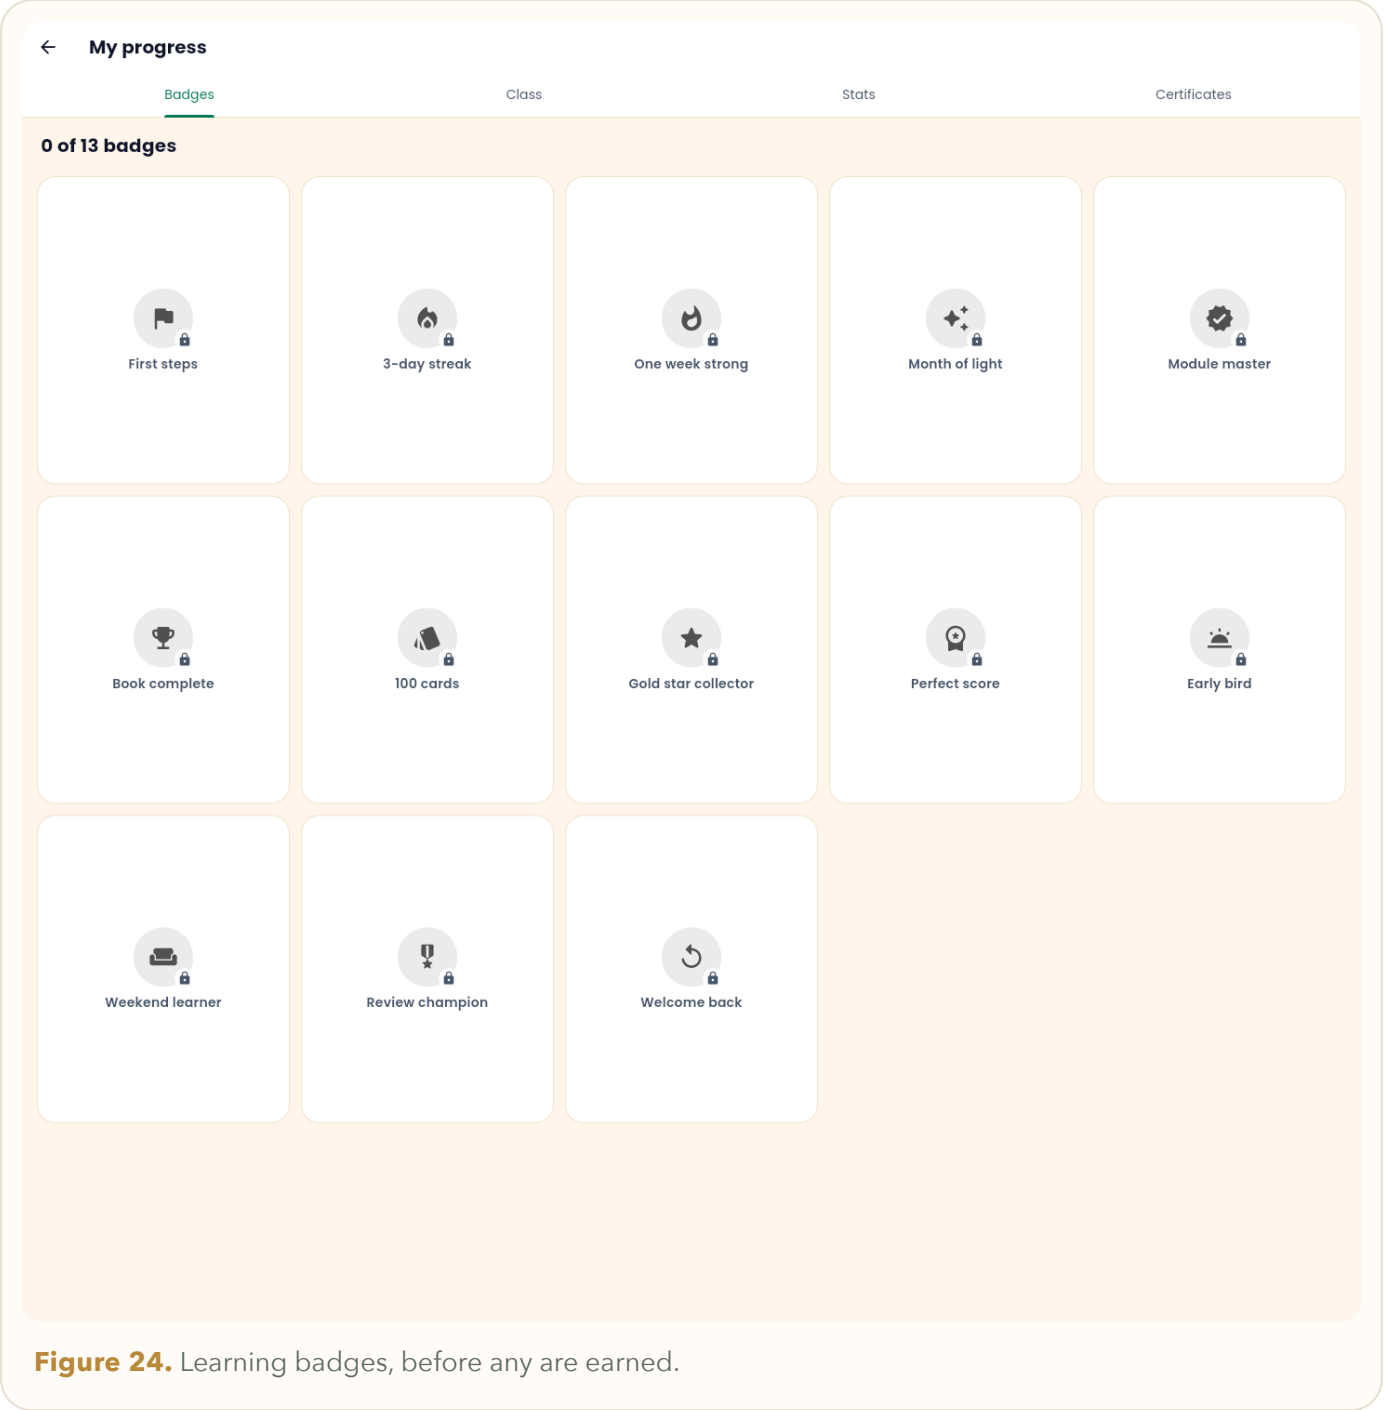

Figure 24. Learning badges, before any are earned.

9. My Rewards

My Rewards collects everything you have earned. Open it from the **My rewards** chip on Home, the Other things tile, or My Profile.

- **Star streak**, **Stars this week**, and **Learn level** at the top.
- **Star Days.** A strip of this week with the stars you earned each day, and how many more stars reach this week's goal.
- **Stickers.** Twelve checklist stickers, for example First star, Golden day, 3 star days, Five prayers, and Morning champion. Each one tells you how to earn it.
- **Learn badges.** The thirteen Let's Learn Islam badges, with **Class & stats**.
- **Certificates** and **Star of the Week**, when your teacher awards it.

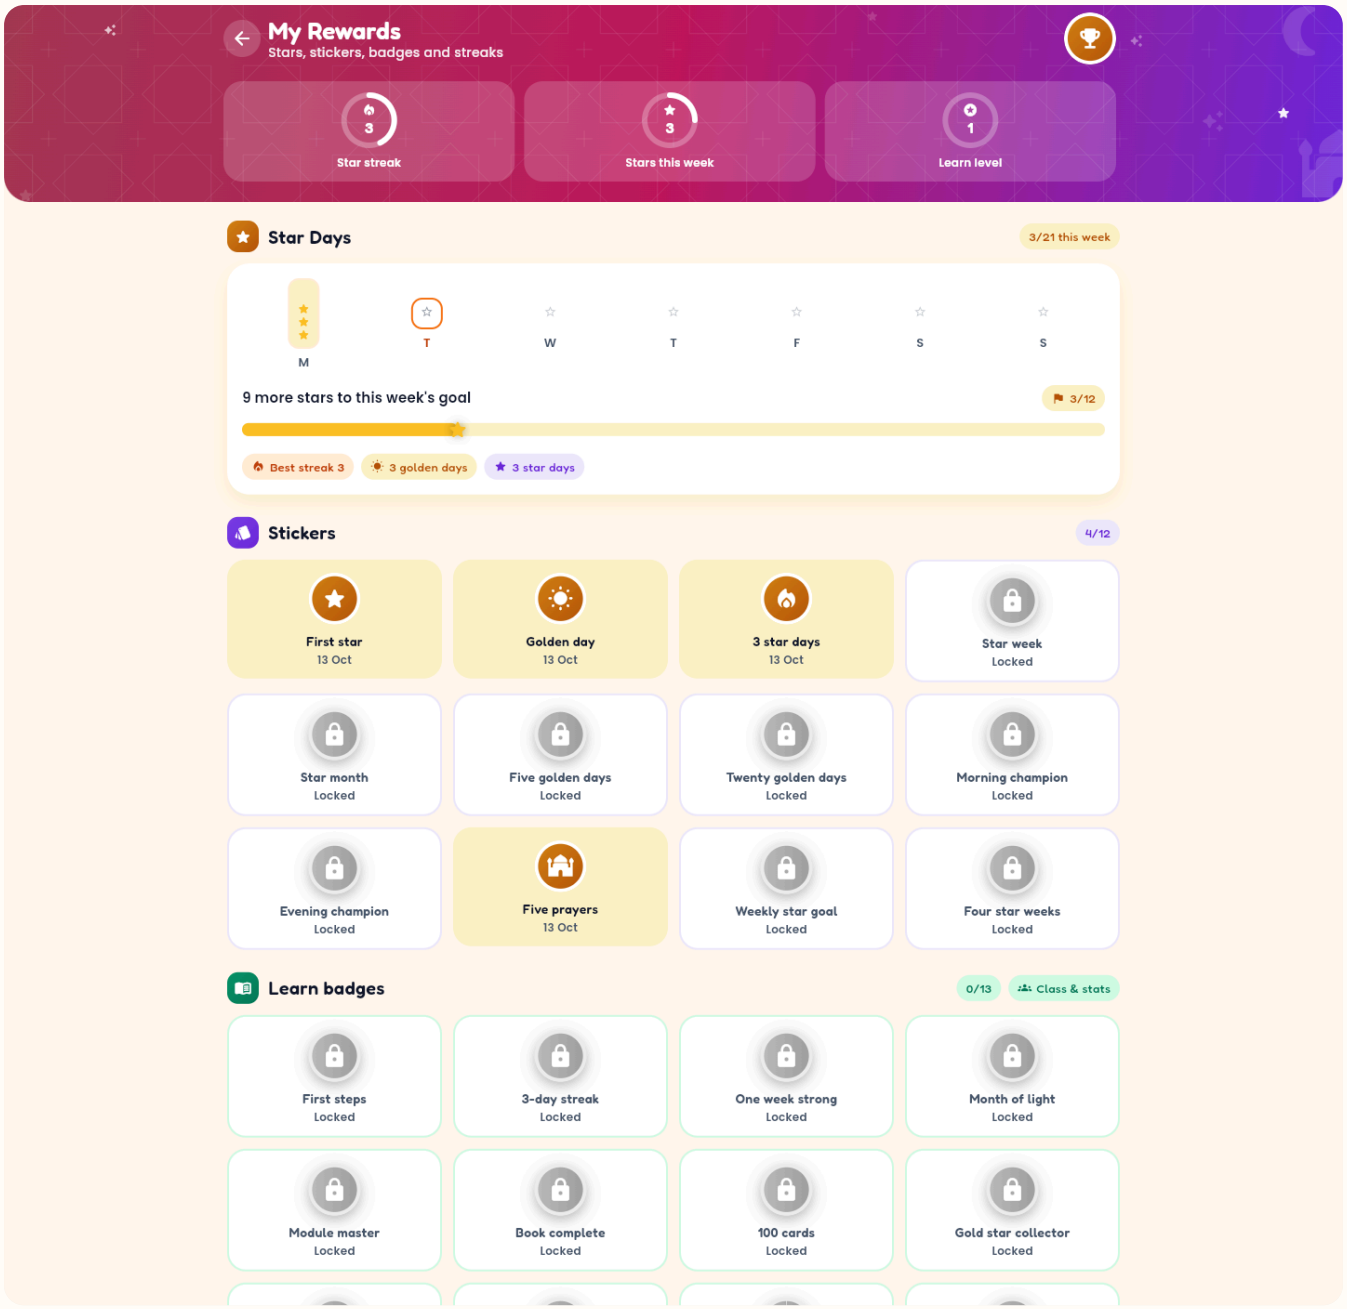

Figure 25. My Rewards after three finished days.

10. Messages

Messages are notes from your madrasa: a welcome, a well-done from your teacher, a leave decision, or a certificate. It is not a chat. You read notes here. You do not reply inside the portal.

1. Switch between **All** and **Unread**.
2. Open a note to read it. Opening it marks it read. On a wide screen the list stays on the left and the open note on the right.
3. Use **Mark as unread** to highlight it again, or **Mark all read** when the unread count is above zero.

An unread count also appears on Home and on the Messages item in the menu.

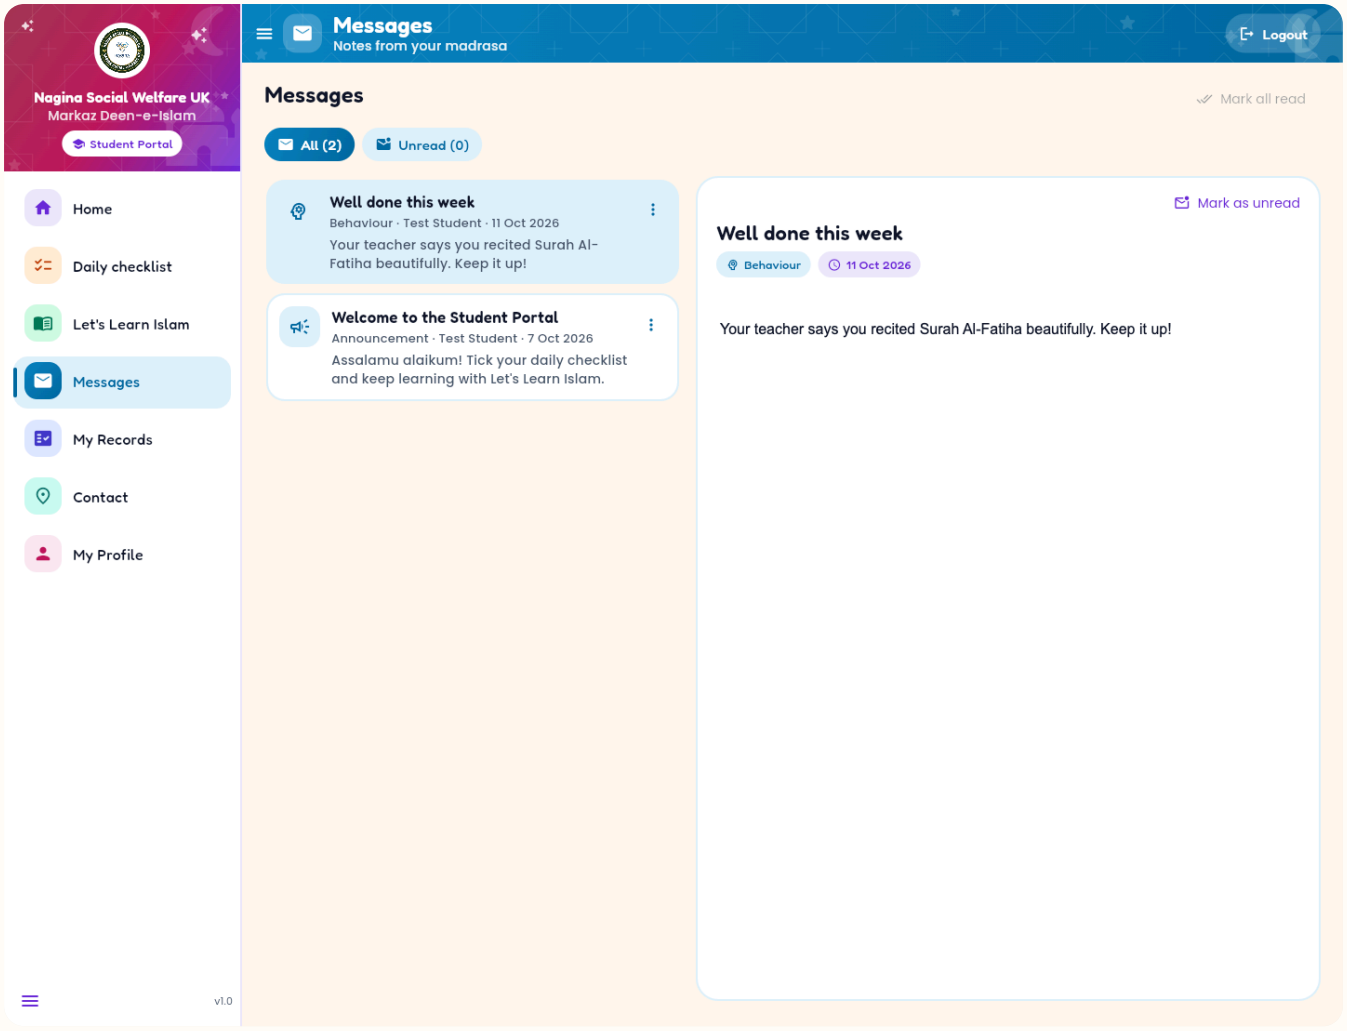

Figure 26. Messages, with a note open.

11. My Records

My Records is your record book, the same one your parents see. It has six tabs: Overview, Attendance, Leave, Madrasa life, Learning, and Term report. These pages are for reading, except Leave, where you can ask for time away.

Overview

Four cards: fees outstanding, attendance this month, the latest daily log from your teacher, and the latest madrasa message. The fees card is for information only. Fees are paid by your parents in the Parent Portal.

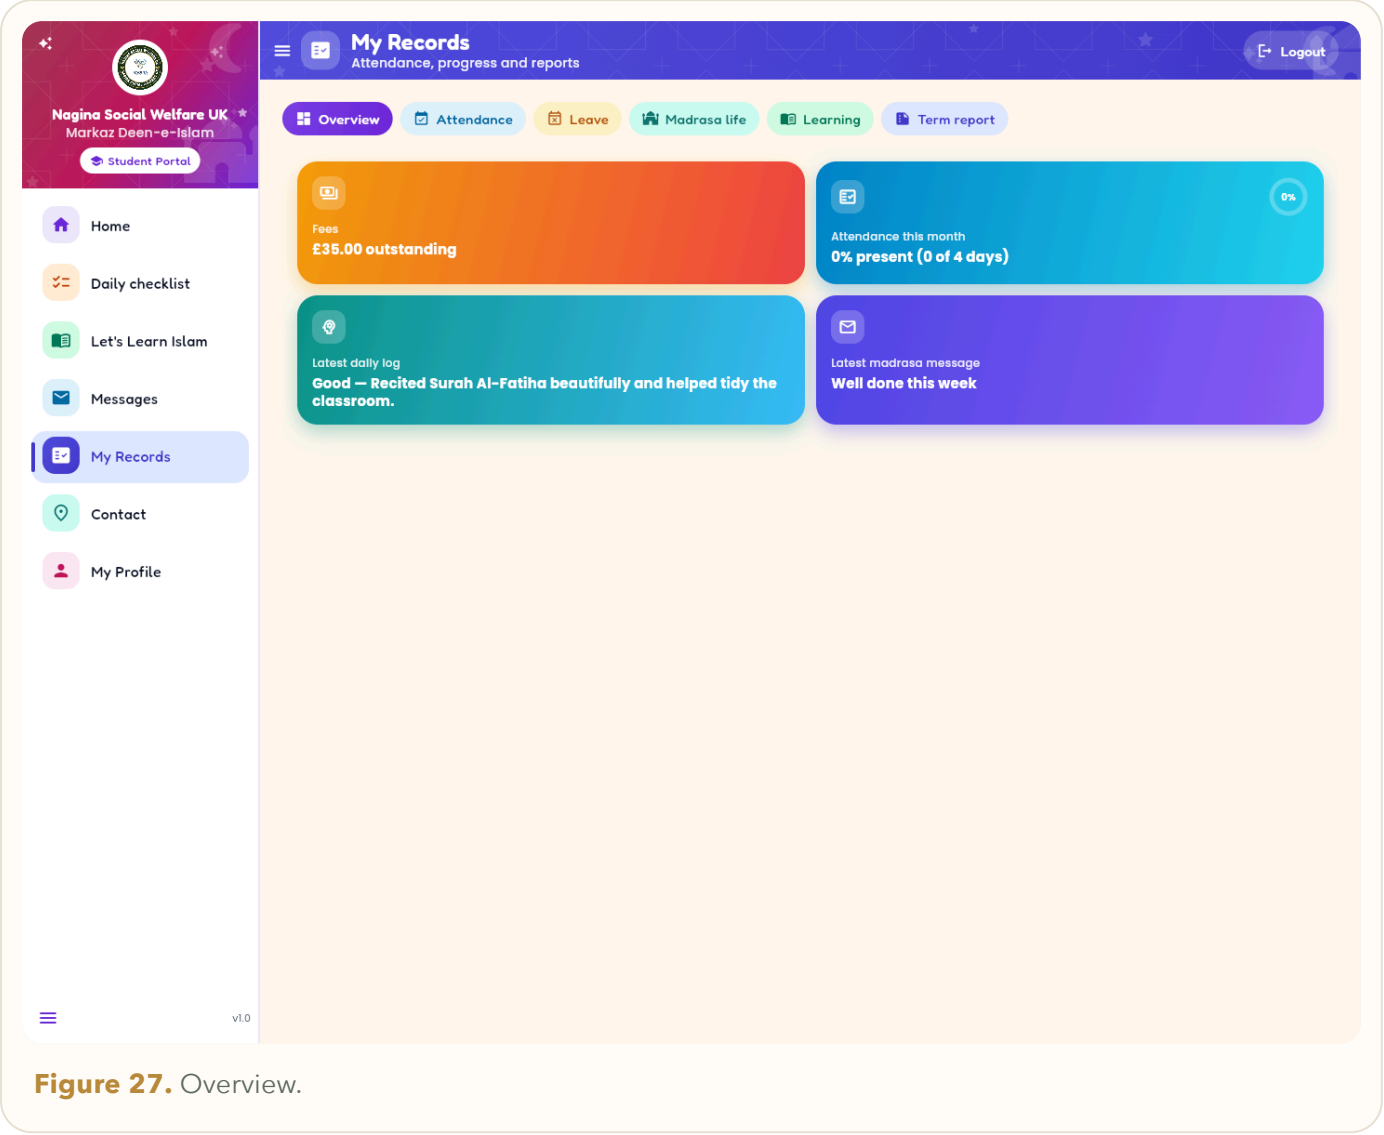

Figure 27. Overview.

Attendance

The month bar moves with the arrows. The totals are Present, Late, Absent, Informed, Uniform, Behaviour, and the attendance rate. The calendar marks the days the teacher has saved, and the list under it shows each saved day. Informed days are absences the madrasa already knows about, including approved leave.

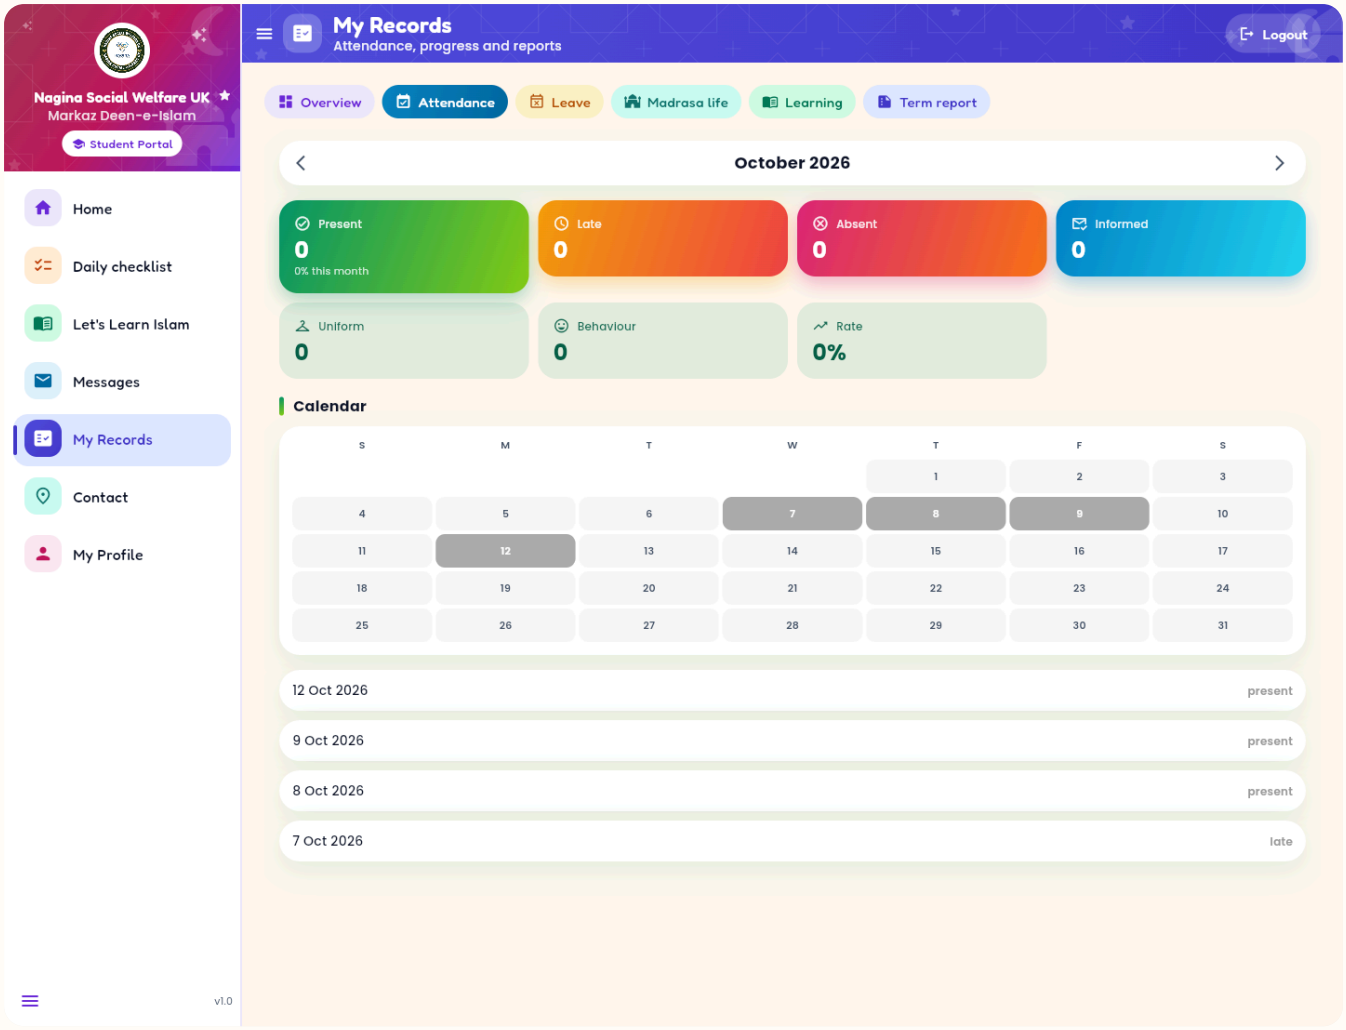

Figure 28. Monthly attendance.

Leave

Use this when you will miss madrasa and want your class teacher to know. Approved leave is stored as Informed attendance.

1. Open My Records, then **Leave**. You can also use the **Request Leave** tile on Home.

2. Press **Request leave**.

3. Set **From** and **To**. The form shows how many calendar days that is.

4. Write a short reason, up to 500 characters.

5. Press **Submit request**. **Cancel** closes the form without sending it.

The list then shows each request as pending, approved, rejected, or cancelled. Your teacher's decision arrives in Messages. Your parents can see the request too.

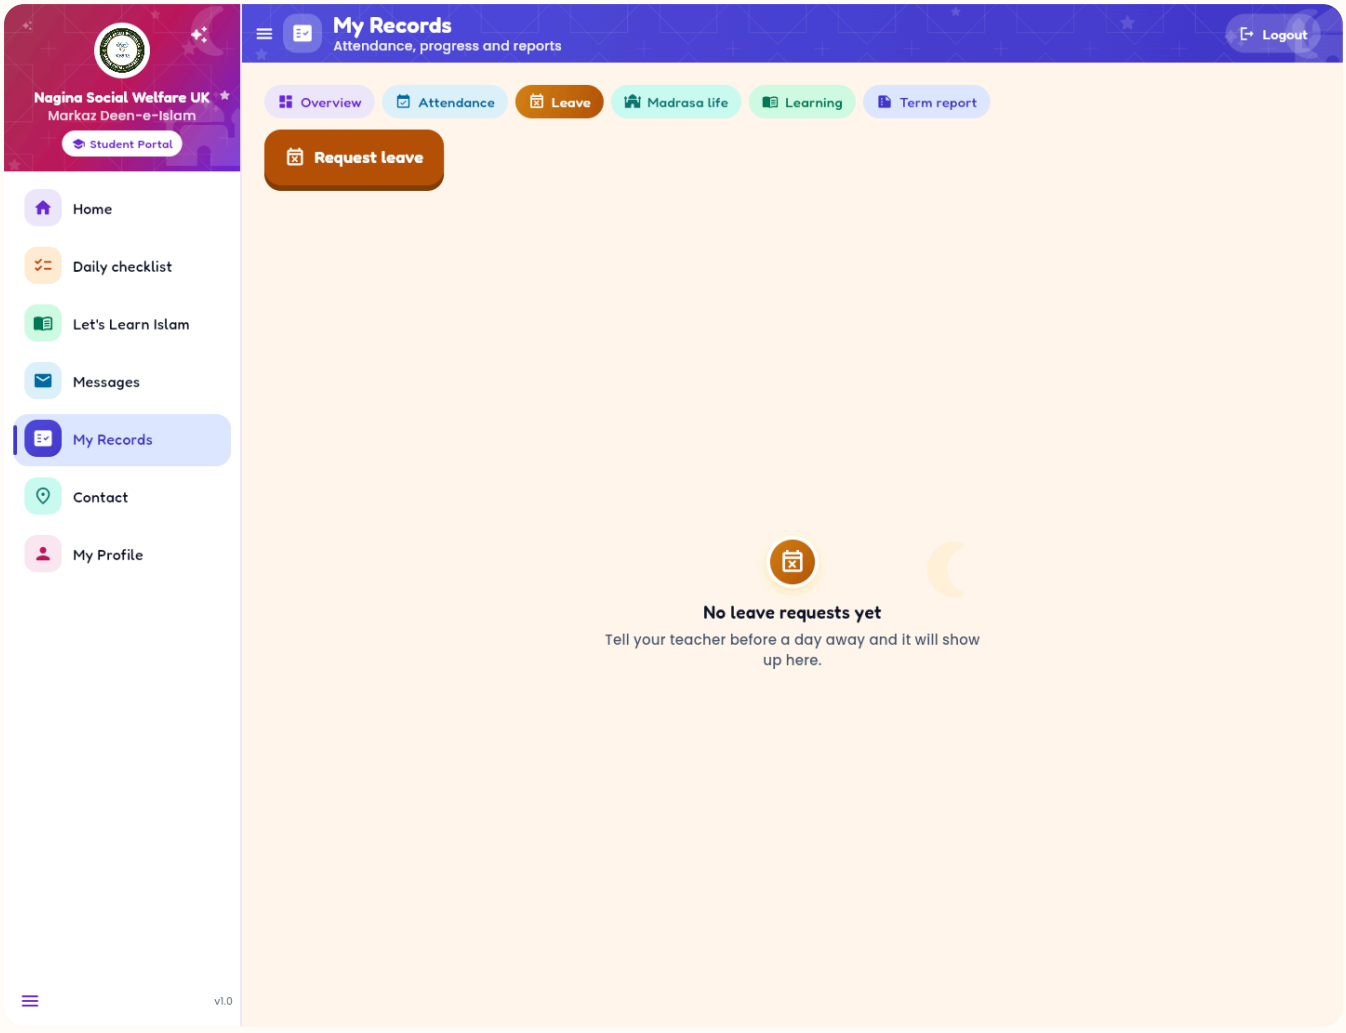

Figure 29. Leave list, before any request.

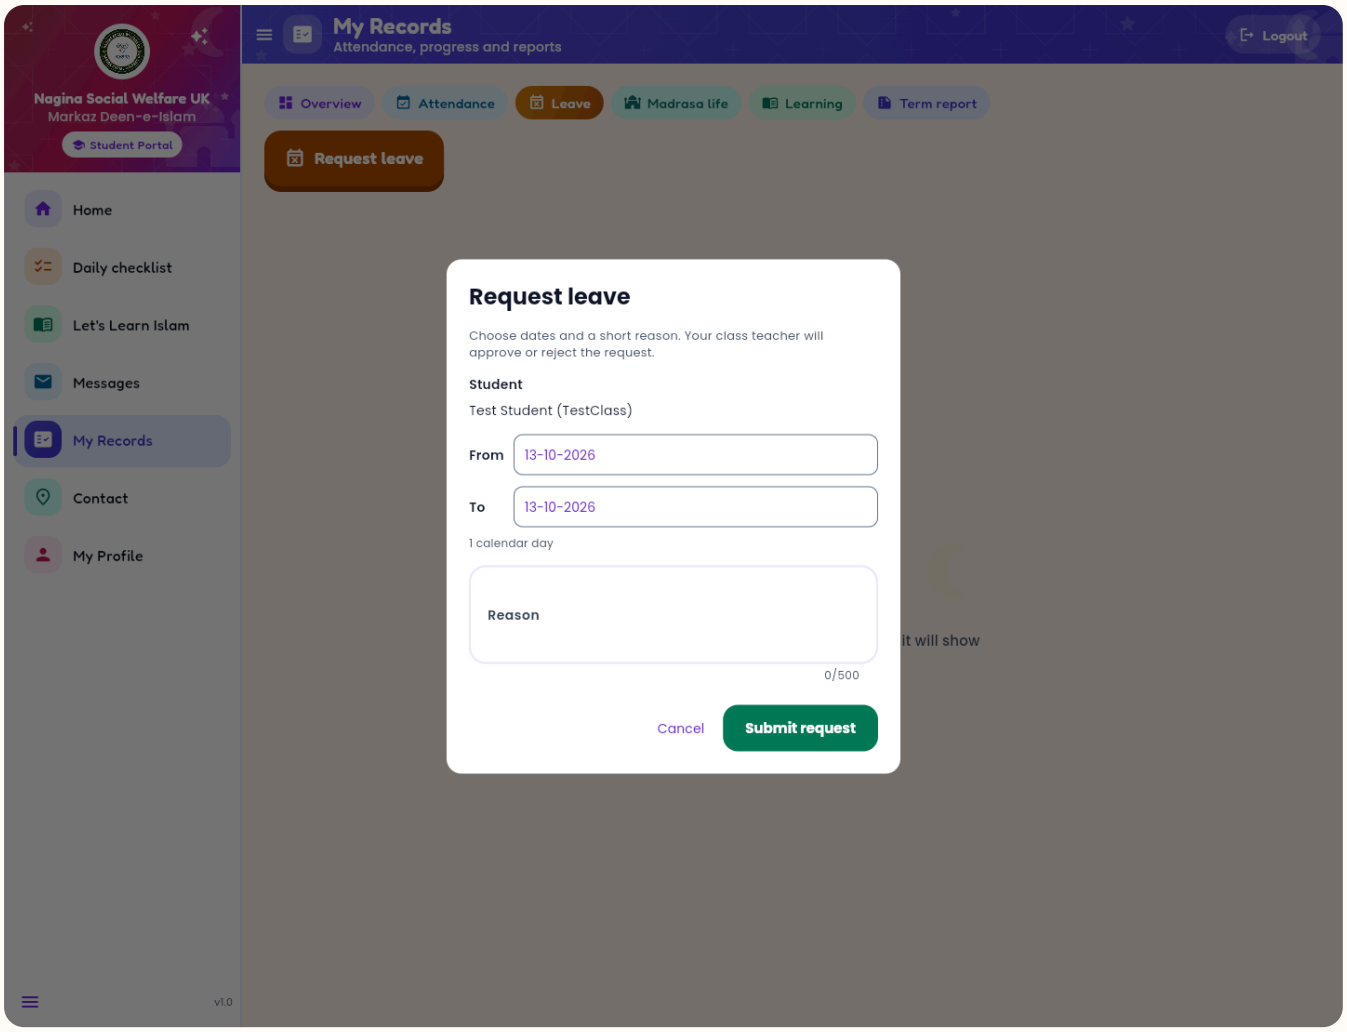

Figure 30. The request form. This picture was closed with Cancel, so nothing was submitted.

Madrasa life

Madrasa life is a date-ordered list of what your teachers have written about you outside the term report: behaviour notes, activities, and participation. Newest entries are at the top.

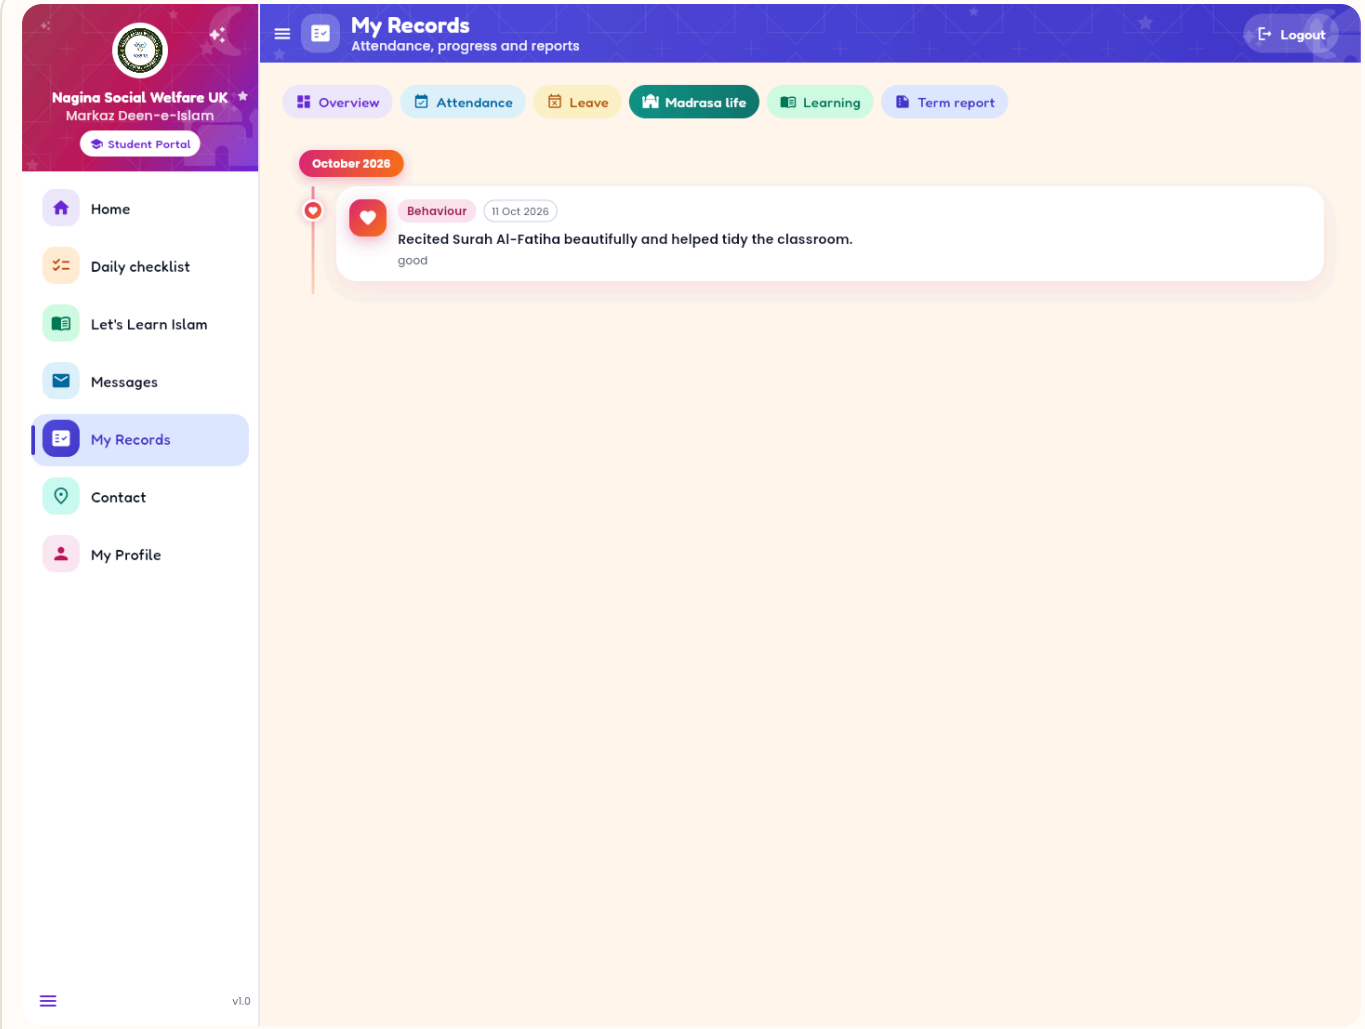

Figure 31. Madrasa life, with one behaviour note.

Learning

Learning shows your teacher's daily marks. It is view only. The categories are Qaida, Quran, Surah Memorization, Duas, Islamic Education, and Participation. Open a category to see its list. Tasks that were never attempted are hidden.

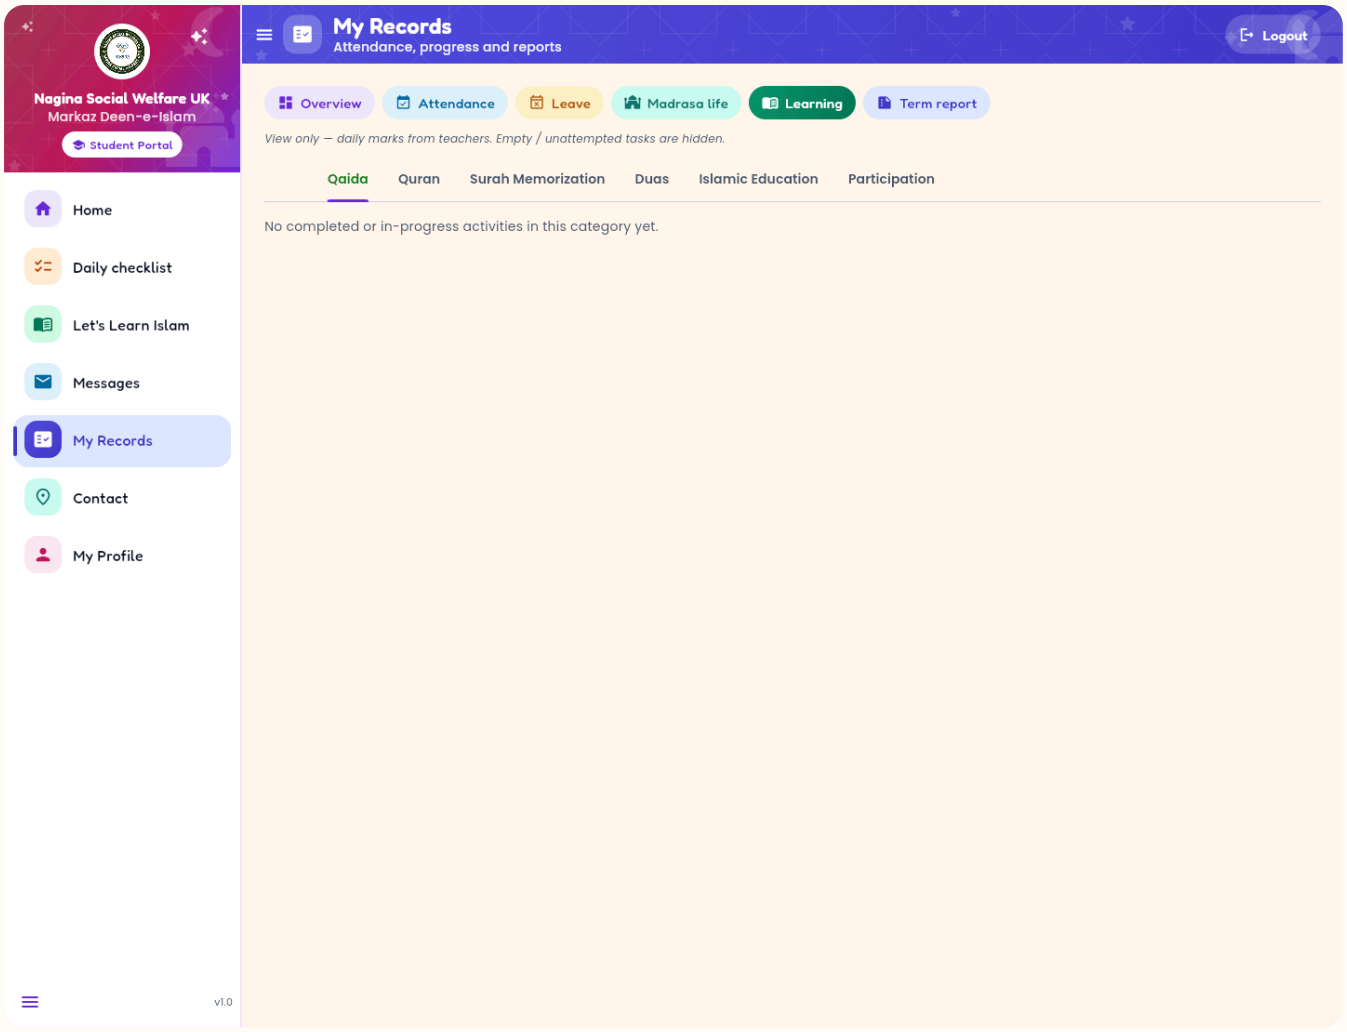

Figure 32. Learning categories.

Term report

Term report gathers your name and class, the latest term, your attendance rate, curriculum progress, and the term ratings for Effort in Class, Behaviour, Presentation, and Punctuality.

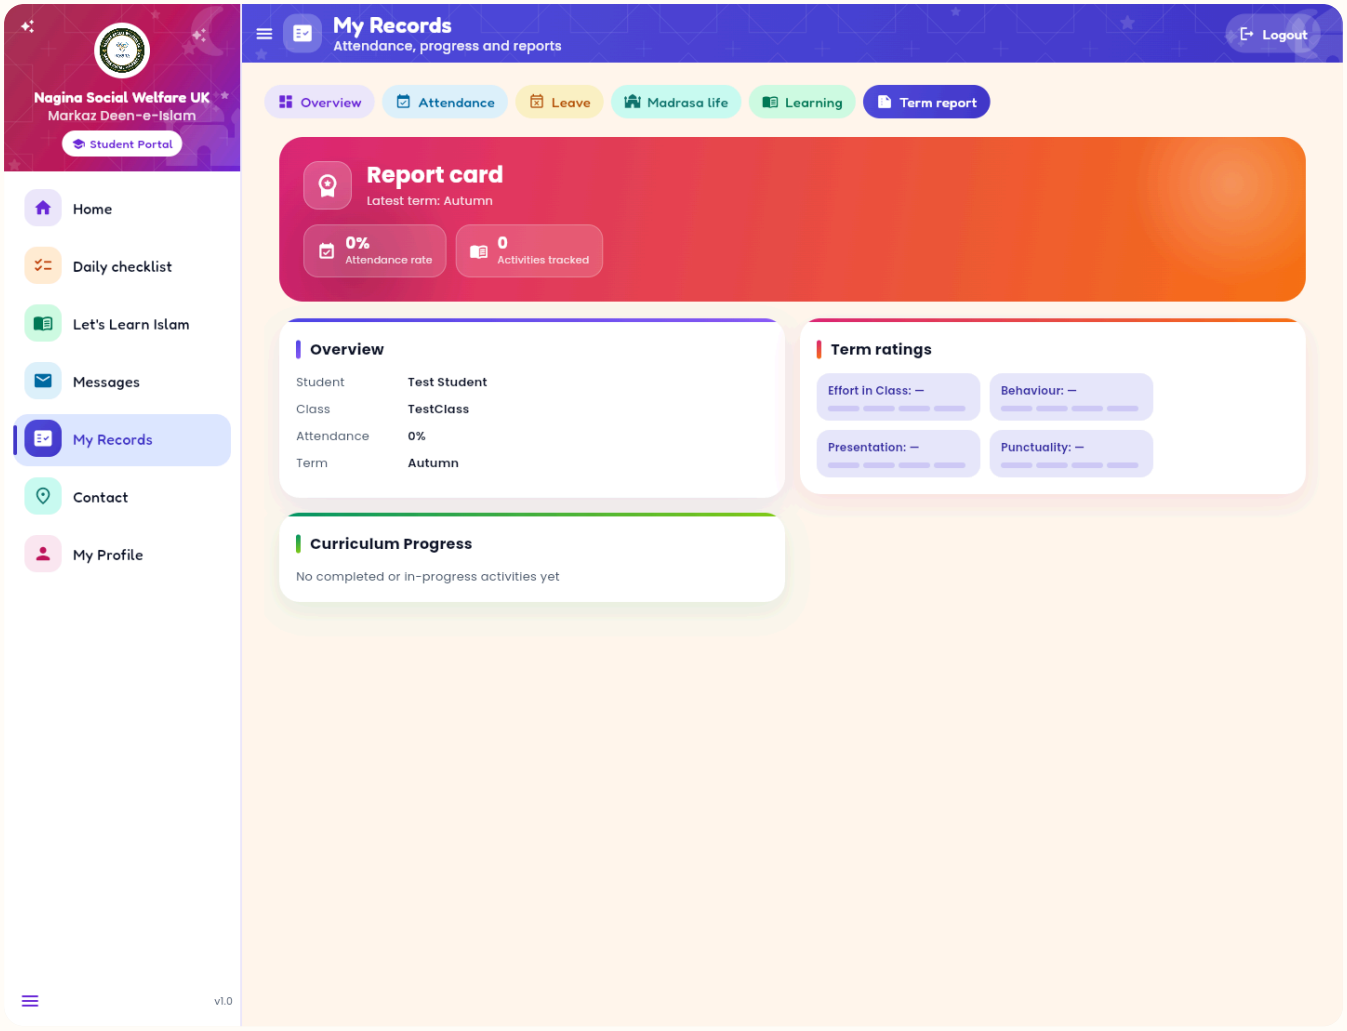

Figure 33. Term report.

12. Contact

Contact is your branch's public details. **Open in Google Maps** starts directions. **Email**, the phone number, and **WhatsApp** reach the office. **NaginaSocialWelfare.co.uk** opens the public website and **Give Sadaqah** opens the donations page.

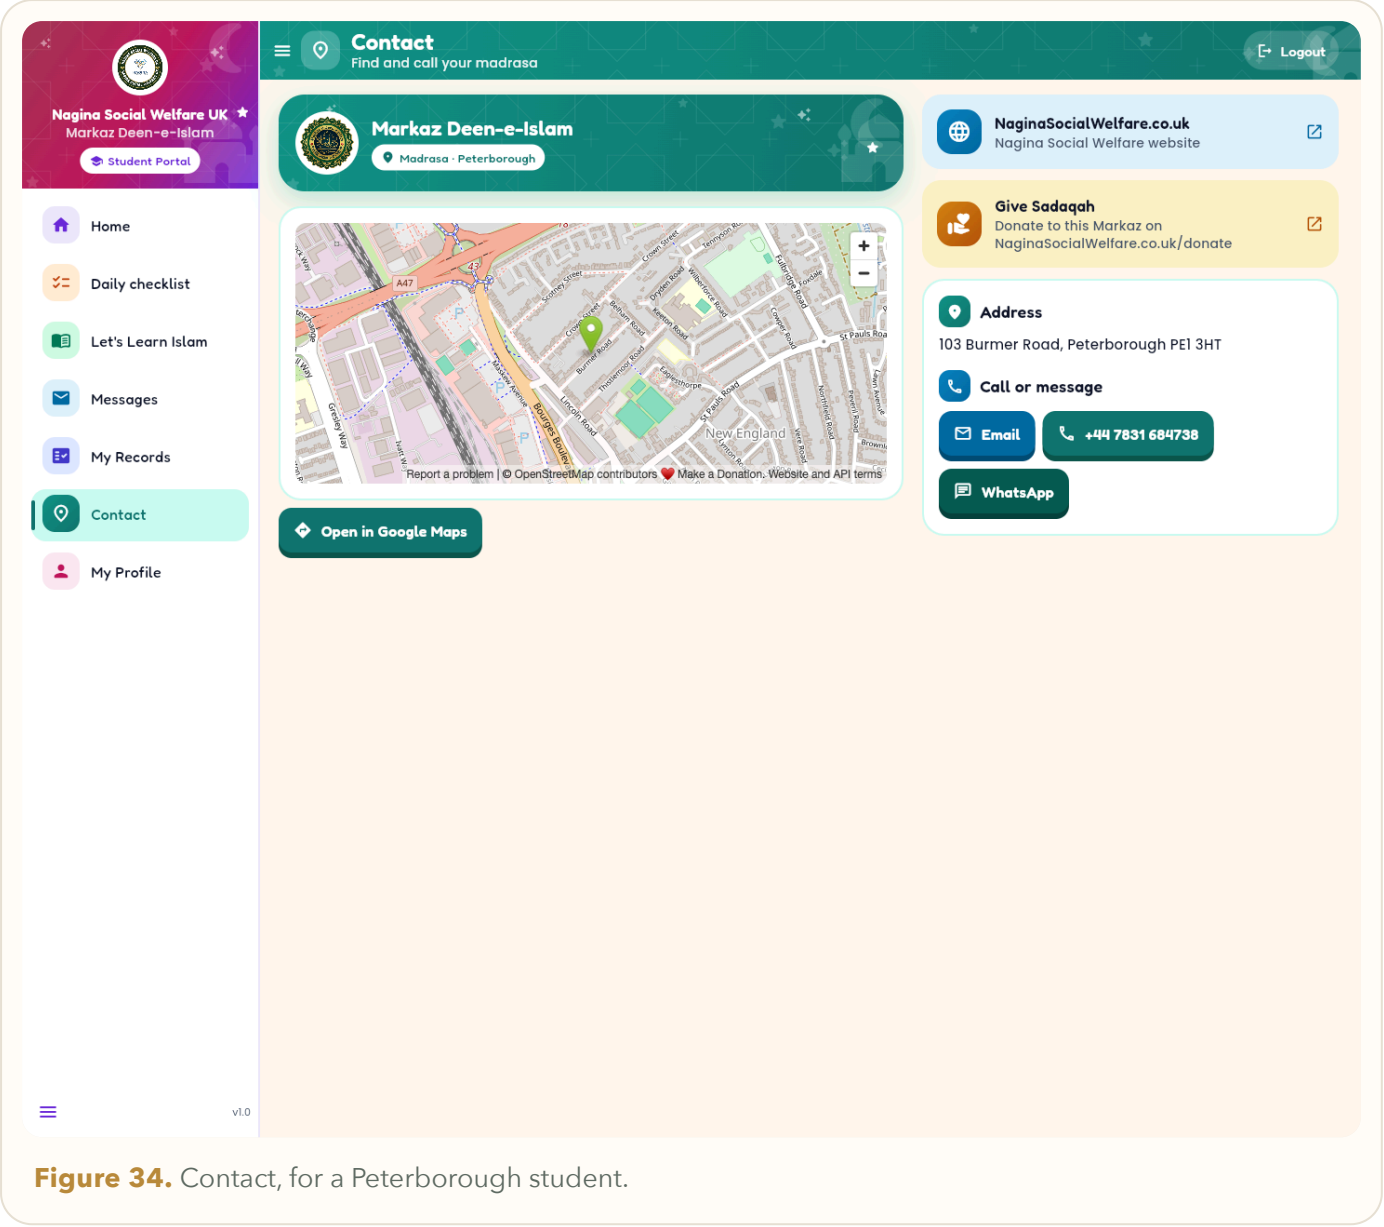

Figure 34. Contact, for a Peterborough student.

Quran Academy, Manchester

A student at Quran Academy sees the Manchester details instead: Partington Community Centre, Manchester M31 4FL, phone and WhatsApp +44 7872 340123, and email `qam@naginasocialwelfare.co.uk`. Everything else in the portal works the same way.

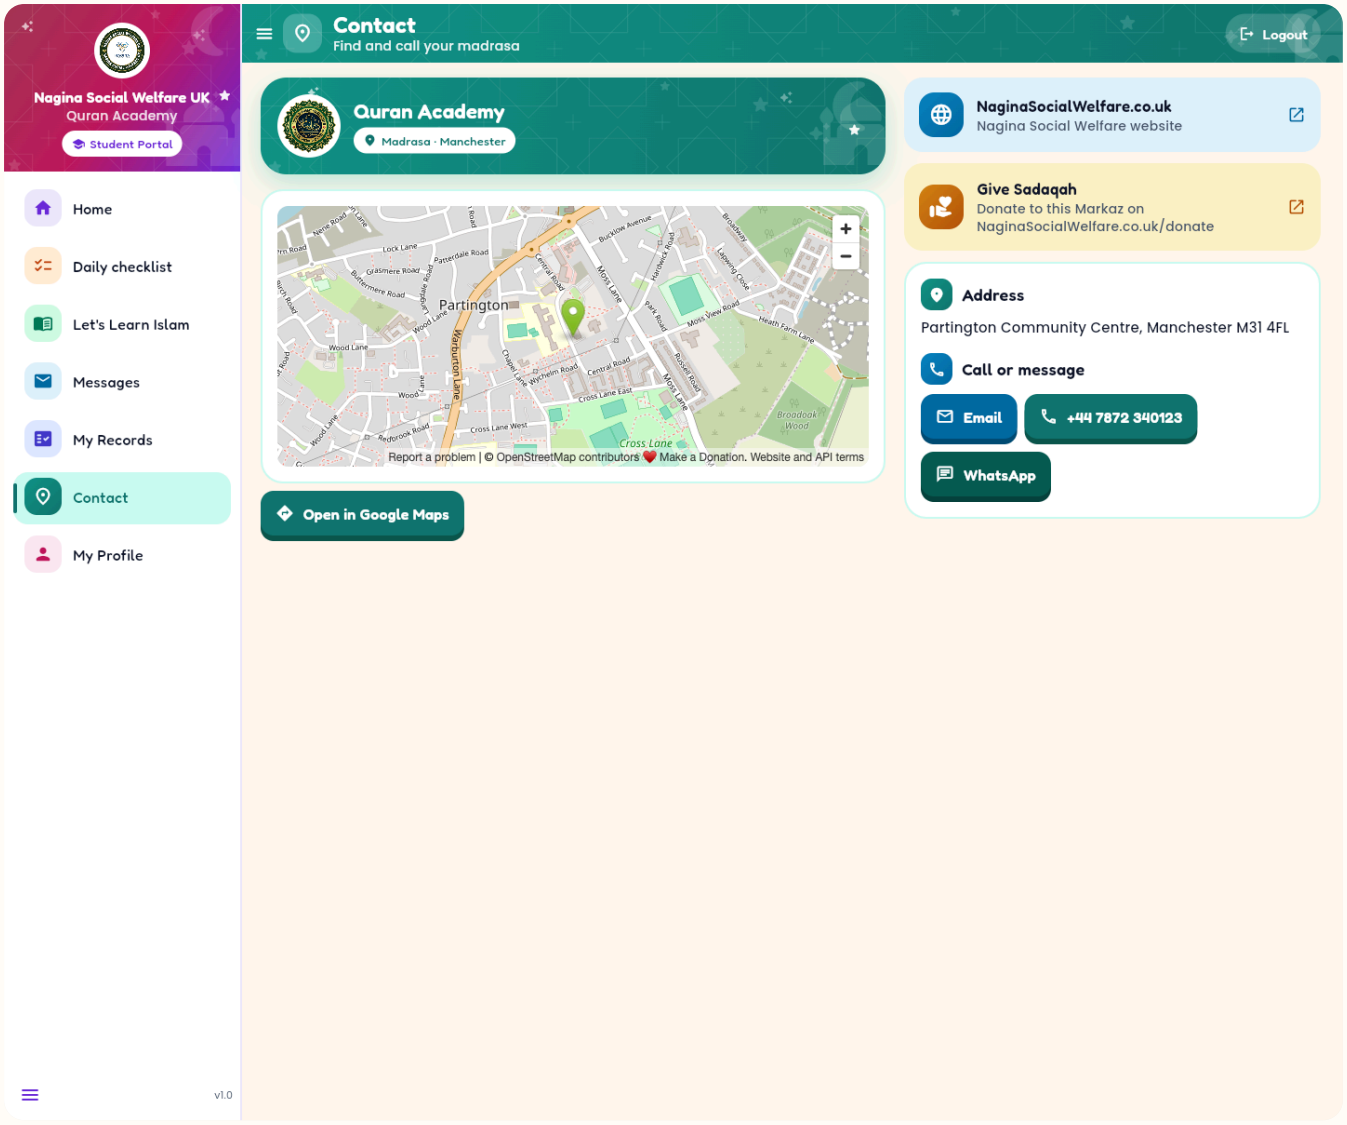

Figure 35. Contact, for a Manchester student.

13. My Profile

My Profile is “My Space.” It shows your star days this month, your star streak, and your learn level, with a shortcut to My Rewards. Then come the settings that make the portal yours.

- **My colour.** Pick one of nine colours. It colours Home, buttons and the menu everywhere you sign in.
- **Appearance.** Light or Dark mode, for this device.
- **Sounds and motion.** Tick sounds and celebrations follow you to every device. Vibration and Reduce motion are set on this device.
- **My details.** Your name, class, username, email, and date of birth. These are read only. Ask the madrasa office to correct any of them.
- **Change password.** Type your current password and the new one twice, then press **Change password**. The **Privacy notice** is linked underneath.
- **Browser alerts.** Asks this browser for permission to show a notification when something important happens. On iPhone, add the portal to your Home Screen first.
- **Madrasa card.** Your branch’s address, Email, phone, WhatsApp, Give Sadaqah, and directions.

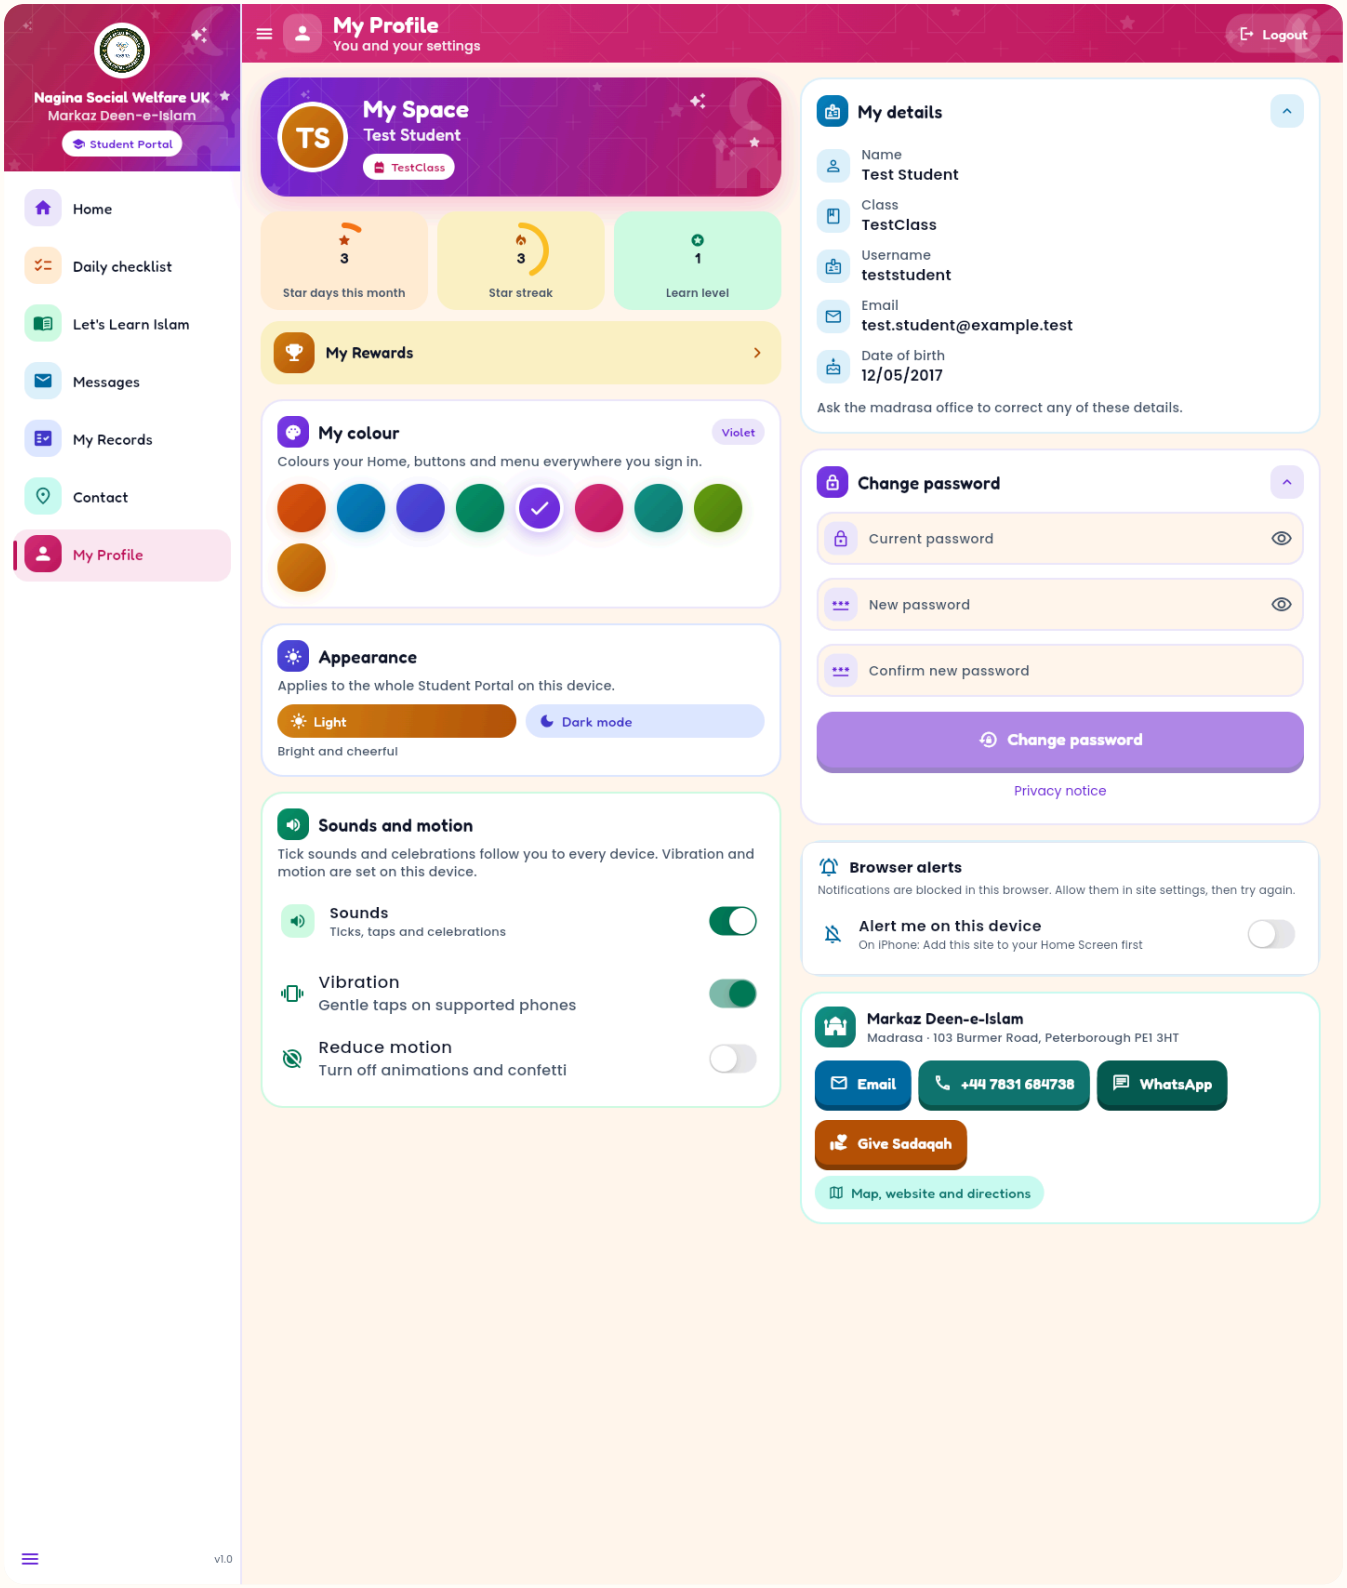

Figure 36. My Profile.

14. Web portal on a phone

On a narrow screen the left menu is replaced by a bar along the bottom: Home, Checklist, Learn, Messages, and More. The same pages are there. Cards and tiles stack so you do not have to slide sideways.

More opens a sheet with My Records, Contact, and My Profile. Logout stays at the top right. The menu icon at the top left opens the full list as a drawer if you prefer that.

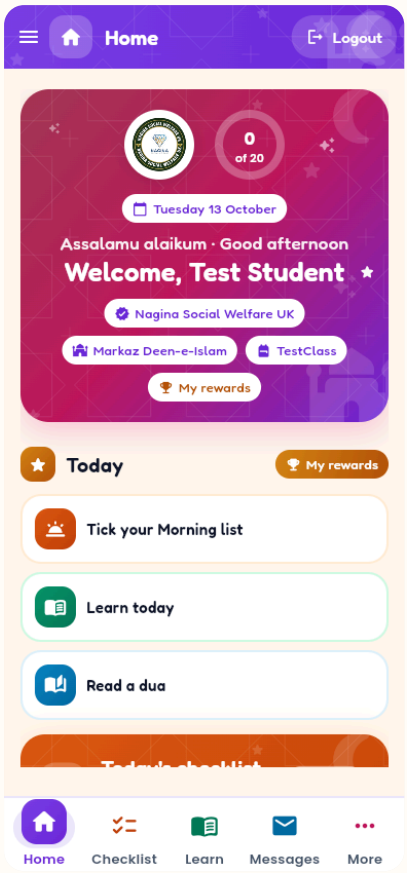

Figure 37. Home on a phone browser.

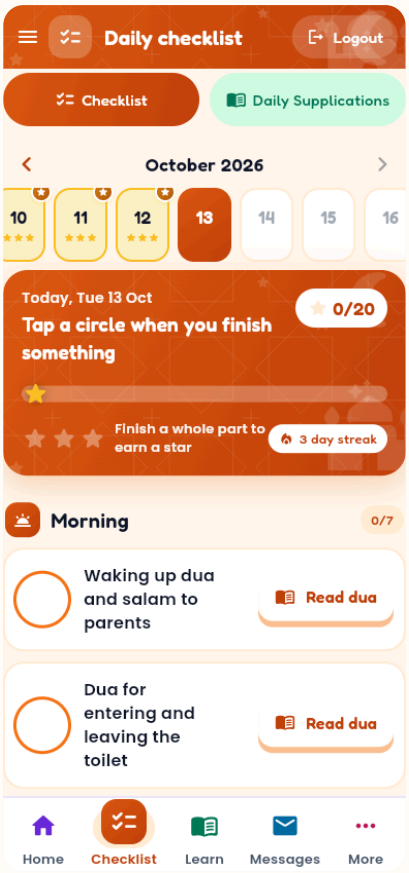

Figure 38. Daily checklist on a phone browser.

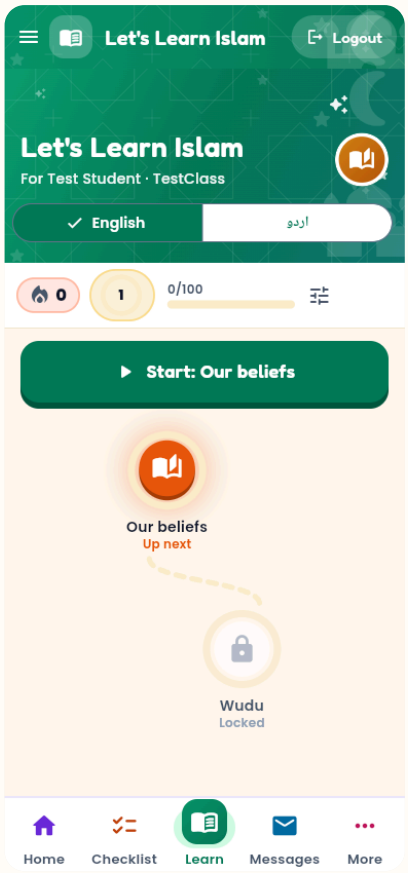

Figure 39. Let's Learn Islam on a phone browser.

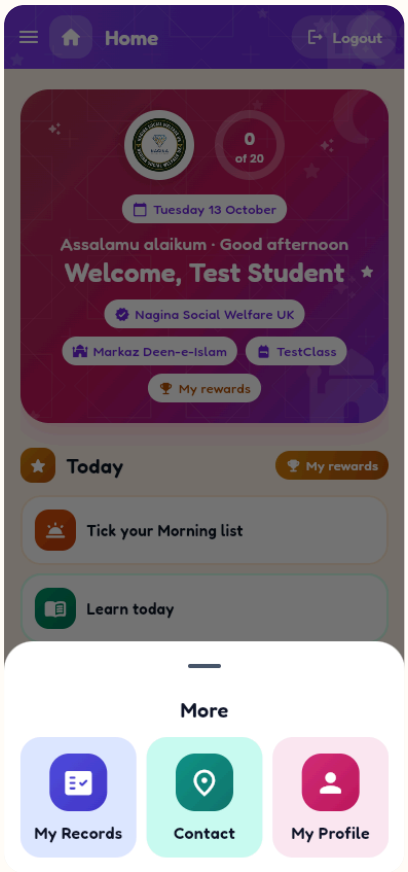

Figure 40. More holds My Records, Contact, and My Profile.

15. What you can do

You can	The madrasa does this
Sign in on the web, or pin the portal to your home screen. The Android app is coming	Switch your portal on and issue your username
Tick today's and yesterday's daily checklist, and earn stars, golden days, and stickers	Set up the checklist items and duas
Learn with Let's Learn Islam, pass module checks, and earn badges and certificates	Publish the lessons
Read notes from your teachers in Messages, and turn on browser alerts	Send the notes
Read your attendance, learning, Madrasa life notes, and term report	Mark attendance and save progress
Ask for leave, and see the decision	Approve or reject the request
Choose your colour, light or dark mode, and sounds; change your password	Correct your name, class, username, email, or

You can	The madrasa does this
	date of birth
See fees outstanding	Set fees and take payment from your parents

If a page looks old. After the student web portal is updated, refresh the browser. On a phone, close the tab and open `https://admin.naginasocialwelfare.co.uk/login/student` again. If you pinned the portal as an app, open that icon once more after the refresh.
